What transformed Daniel and Philip Berrigan from conventional Roman Catholic priests into holy outlaws for a time the two most wanted men of J Edgar Hoover s FBI And how did they evolve from their traditionally pious second generation immigrant beginnings to become the most famous some would say notorious religious rebels of their day *Disarmed and Dangerous* the first full length unauthorized biography of the Berrigans answers these questions with an incisive and illuminating account of their rise to prominence as civil rights and antiwar activists It also traces the brothers careers as constant thorns in the side of church authority as well as their leadership of the ongoing Plowshares movement a highly controversial campaign of civil disobedience against the contemporary arms trade and nuclear weapons Murray Polner and Jim O Grady plumb the Berrigans contradictions among them Philip s secret marriage while he was still a Josephite priest to Elizabeth McAlister then a Catholic nun which led to their dismissals by their respective religious orders and Philip s excommunication from the church and Daniel s speech faulting Israel s treatment of Palestinians and the resulting criticism loosed upon him from pro Israeli Americans and many of his allies on the left *Disarmed and Dangerous* is a fascinating study of brothers linked by faith and the dreams of peace and social justice in a century bloodied by war mass murders and weapons of immense destructive power It is above all an original contribution to modern American history that is sure to be widely read and discussed

Church, Liberation and World Religions Mario I. Aguilar,2012-11-02 This work proposes a theological investigation of the community of the Church as outlined by liberation theology and a possible conversation with liberation from suffering in Tibetan Buddhism What unites both is the human process of sublimation for others whereby liberation theologians as well as enlightened lamas give the best of themselves for the liberation of others At this stage of discussions between inclusivists and exclusivists this work proposes that dialogue with world religions and therefore with Buddhism is not about finding possible dogmatic similarities but a common place a common purpose through a common humanity
