**Discerning the Signs of the Times - Sermons for Today and Tomorrow** Reinhold Niebuhr, 2013-01-14 This early work of theology is both expensive and hard to find in its first edition It contains the writings of the twentieth century theologian Reinhold Niebuhr and his thoughts on contemporary religion This is a fascinating work and is thoroughly recommended for anyone with an interest in the history of religion Many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce We are republishing these classic works in affordable high quality modern editions using the original text and artwork

**Discerning the Signs of the Times and the Church's Reformation** Samuel Willard, C. Matthew McMahon, 2020-09-18 This work is set on the premise that the great design of all God's judgments on a professing people is to reform them It is the plight of the church that they live in the consequence of the fall of Adam They strive for holiness but they must be very discerning about the times in which they live so that they may set themselves steadfastly in the work of personal reform church reform and reforming the world to the glory of God Willard explains Matthew 16:3 Ye hypocrites Ye can discern the face of the sky but can ye not discern the signs of the times in order to press the Christian to be discerning in the day in which he lives What is God doing Where is God working What are the signs of the times saying to the church And then he explains Leviticus 26:23 If ye will not be reformed by me by these things but will walk contrary unto me then will I also walk contrary unto you and will punish you yet seven times for your sins The Christian is to first discern the times and then the Christian is to be reforming in those times All of God's providences stretch forth from his covenant blessing in Christ to bring his wayward people back to a right relationship with him He reforms them so that they become real revolutionaries for his cause and his cause is holiness of life in service to the King of Kings A modern church that remains unreformed with a professing people who walk contrary to God's word there Christ will proceed in his judgments against them and strike them with blows to bring them back to him and true faith What calamities have been brought on the church today in this It seems Willard is striking at the heart of the church as it endures the current pandemic calamities famines riots and a number of other difficulties that our country and many countries around the world are now experiencing These events have been brought in by the church and its rebellion against God's prescription for reformation And the content of this work is so applicable today one would have thought Willard preached these discourses just last Lord's Day This work is not a scan or facsimile has been carefully transcribed by hand being made easy to read in modern English and has an active table of contents for electronic versions

**Discerning Our Time** Richard Bettez, 2017-04-18 Discerning Our Time A Layman's Guide to End Time Events in America is a compelling look at historic and political trends that push the reader to look upon biblical facts as to where America fits in concerning future events This book is an easy read for people of all

backgrounds and education levels It is a breakdown of exactly what scripture means from original language to historical settings that all connect to American society as we know it today Though this book gives greater enlightenment to the Christian community and is a solid resource for pastors to draw from it will truly be an eye opening experience for the open minded unbelievers or those who do not consider Christianity of any consequence within their lives The changes within American society and our culture as well as our political choices are highlighted within the word of God In this book they are accurately brought out Church denominations are put to the test as historical truths are revealed and many falsehoods about Christianity are dispelled Truth about American education business and government are documented with the light of scripture shining right next to the facts so the reader can judge for themselves Many teachers pastors and theologians don't believe America plays a significant role in the end times Some teach that it will be wiped off the map No one truly knows exact dates or for that matter what the antichrist will look like but there is a definite template laid out within the Bible America fits comfortably in that template This book is a must read if you are interested in what direction America is heading and who will rise to power in the near future *Discerning the Times* John Alexander Hutton,1922 *Discerning the Signs of the Times* Reinhold Niebuhr,1946 **The Signs of the Times: a Sermon [on Matt.
