Discerning The 7 Sealed Scenes:

Discerning the 7 Sealed Scenes David Stanley Singleton, 2004-06 Understanding Revelation's vision of the seven seals doesn't have to be enigmatic. Seeing the ancient world as John saw it helps to bring insight to otherwise fanciful whimsical mysterious outrageous visions. Knowing the attitude of the Romans toward Christians in the first century A.D. removes the mystery of the visions. Linking the message of the seals to the message that Paul had delivered to the same area of the empire takes the whimsy from the visions. Finally locating the visions alongside other apocalyptic literature and aligning the visions clear duplications of Hebrew scriptures beside the original passages takes away the outrageous fanciful nature of the seven seals. *Discerning the 7 Sealed Scenes* presents an interpretive method for clear understanding of the details of John's visions. These details put the final touch on the message Jesus, Paul, and Peter left to the world confident living through trusting Jesus' principles. The Christianity presented in the seven seals is every bit as practical, relevant, and captivating as the rest of the New Testament.

The Routledge Companion to Seals and Seal Studies in Antiquity Sarah J. Scott, Oya Topçuoğlu, 2025-10-29 This volume highlights current trends in interdisciplinary scholarship on seals and sealing practices in the ancient world, touching on fields of art history, archaeology, Assyriology, and anthropology. It comprises 33 chapters written by prominent international scholars that explore the production and use of seals and a diverse range of sealing practices in the ancient world. Contributions cover a vast geographical area that includes Anatolia, Egypt, Greece, the Indus Valley, Iran, the Levant, Mesopotamia, and Spain from the Neolithic through the present. The volume is organized into seven parts: Image, Agency, Objecthood, and Object Biography; Materiality, Text, and Image; Identity, Gender, Senses, Experience, and the Body; and Practice and Technology. This organizational structure allows readers to compare case studies around similar methodologies rather than focus on specific geographies or periods. The volume provides fresh perspectives on seals and sealing practices as a means to study cultural practice, social interaction, and cognition from a wide range of cultures and geographies. *The Routledge Companion to Seals and Seal Studies in Antiquity* offers an invaluable resource for researchers and students in various fields, including West Asian, Mediterranean, and South Asian studies.

Making a Scene in the Pulpit Alyce M. McKenzie, 2018-10-23 How can preachers ensure that their sermons continue to engage listeners in a world defined by visual media and the short, segmented delivery of information? Alyce McKenzie harnesses the element of drama and the human fascination with scenes to offer ministers a modern means of sermon development and delivery. McKenzie's core strategy is to invite listeners into scenes, whether from Scripture or contemporary life, and once they are there to point them toward the larger story of God's relationship with humankind. Creating such scenes unifies the whole process of preaching, she says, from the preacher's daily life observations to interpretation of scenes from Scripture to sermon shaping, sequencing, and delivery. The process culminates in a specific understanding of the purpose of the sermon to send listeners out into the scenes they'll play in their lives for the next week, equipped to act out their parts in ways that are kinder, more just, and more courageous.
