Disciples Of Love:

Love for the Aching Heart Bishop David E. Lewis, 2015-02-25 The purpose of this book is to give an overview of the power of the love of God to those who are aching and craving for it and how we can help them reach their full potential in Christ The church of the Living God has a tremendous responsibility to share his love to this dying world Many people think that God doesn't love them so they express the idea that people think that they are not important They believed God thinks of them in the same way Therefore this book is written to let them know that God loves them regardless of their status in life In order for us to operate in the spirit of love the Holy Spirit must purify our hearts and motivate us to assist and respond to the situation of others However you must have a desire to love for love is a choice you must make If you love you must demonstrate the spirit of forgiveness The first stage of forgiveness is the decision not to try to inflict a reciprocal amount of pain on anyone who caused you hurt When I forgive you I give up the right to hurt you back When you hold fast to an unforgiving spirit toward another person you tend to believe only bad things about them You might think of them only in terms of the hurt they caused you and you want to forget their humanity This book sets forth the principle of love for those who are aching for it and teaches us to forgive as Christ also forgave us You must be wholly submissive to the leading of the Holy Spirit

An Exegetical Summary of John 10-21 Ronald L Trail, 2025-04-04 Each volume in the Exegetical Summaries series works through the original text phrase by phrase English equivalents are provided for all Hebrew and Greek words making this an excellent reference for exegetes of all levels Questions that occur to exegetes as they study the text are stated and then answered by summarizing the ways many scholars have interpreted the text This information should help translators or students in making their own exegetical decisions As a basis for discussion a semi literal translation of the text is given The first question to be answered is the meaning of key words in context Information from standard lexicons is

given and then translations of the word are cited from a dozen major Bible versions and from commentaries that offer their own translations of the text Questions about the grammar and discourse structure of the original languages are answered by summarizing the views of many commentators When exegetical disagreements appear in the commentaries and versions the various interpretations are listed This book is not intended to replace the commentaries that are consulted Rather than being a stand alone commentary this book summarizes many important details of exegesis that should be considered in studying the biblical text
