Teaching Aboriginal Cultural Competence Barbara Hill, Jillene Harris, Ruth Bacchus, 2020-11-11 This book examines a collaborative partnership model between academia and Indigenous peoples the goal of which is to integrate Indigenous perspectives into the curriculum It demonstrates how the authentic and creative approaches employed have led to an evolution of curriculum and pedagogy that facilitates cultural competence among Australian graduate and undergraduate students The book pursues an interdisciplinary approach based on highly practical examples exemplars and methods that are currently being used to teach in this area It focuses on facilitating student acquisition of knowledge understanding attitudes and skills following Charles Sturt University's Cultural Competence Pedagogical Framework Further it provides insights into the use of reflective practice in this context and practical ideas on embedding content and sharing practices highlighting examples of potential ways forward both nationally and globally

Power, Privilege, and Public Health in the United States Lorraine T. Dean, 2025-03-31 *Power Privilege and Public Health in the United States* discusses the ways in which power and privilege along intersectional axes of race gender sexual orientation ability and other characteristics show up in public health and medicine practice teaching and research It provides foundational knowledge on theories in power and privilege as well as historical examples of the ways in which the health and medical fields have been complicit in creating inequities and maintaining oppressive structures that can be used to understand health distribution differences and disparities In order to enact real change the contributors to this textbook enrich their chapters practical guidance for developing anti oppression competencies as well as example experiential activities to examine how our own power and privilege influence the design and interpretation of health studies and public health practice In addressing directly the actors and institutions that have led to unequitable health outcomes *Power Privilege and Public Health in the United States* does more than simply highlight the problems that plague American healthcare it actively engages students and readers from across a number of academic backgrounds from public health and epidemiology to psychology and social work with the tools to enact change straight from leading experts in academia and public health practice

Integration of theory and practice in CLIL Ruth Breeze, Carmen Llamas Saíz, Concepción Martínez Pasamar, Cristina Tabernero Sala, 2014-03-01 Content and Language Integrated Learning CLIL has now become a feature of education in Europe from primary school to university level CLIL programmes are intended to integrate language and content learning in a process of mutual enrichment Yet there is little consensus as to how this is to be achieved or how the outcomes of such programmes should be measured It is evident that a further type of integration is required that of bringing the practice of CLIL into closer contact with the theory In this it is necessary to establish the role played by other fundamental aspects of the learning process including learner and teacher perspectives learning strategies task design and general pedagogical approaches The first part of this book provides a variety of theoretical approaches to the question of what integration means in CLIL addressing key skills and competences

that are taught and learned in CLIL classrooms and exploring the role of content and language teachers in achieving an integrated syllabus The second part takes specific cases and experimental studies conducted at different educational levels and analyses them in the light of theoretical considerations
