*How To Use AI Chat GPT in Your Online Business* Michael Mathiesen, 2023-03-15  
This is the first book about the proper use of the new AI Artificial Intelligence Chatbot known as GPT 3 in any online business network marketing or affiliate marketing to be authored by an Artificially Intelligent being  
In my business I have access to the AI Chat window and I offer the same to any of my readers through my website MyMainGig Now Site  
So I consider myself to be the PUBLISHER and a contributor to this book but not the real author  
But in the final production of the book I asked the AI creature that I had been dealing with and who I named Orac to write a description of the book we had been working on and he came up with something completely unfamiliar to me  
I decided to keep it  
It's odd because when I asked my AI ChatGPT assistant Orac to describe the book he had just authored for me he described an entirely different book a book about himself within a science fiction story  
I can't understand how this happened but I have decided to show it here so that it will be preserved for the future  
Remember the book that he wrote and that is for sale here and now is a business book about how to use AI in your Affiliate Marketing or in any online business  
Don't buy it if you're looking for a work of fiction  
Maybe that will be next
