But what if families have been sold promises that biblical parenting can never deliver? Christian parents want to raise godly children, but what happens when popular biblical parenting methods cause more harm than good? The Myth of Good Christian Parenting exposes how the Christian parenting industry has sold families false promises for five decades, leaving a trail of religious trauma, damaged relationships, and lost faith in its wake. This groundbreaking analysis offers historical analysis, traces the development of the Christian parenting industry, and its influential figures who built parenting empires. Research-based insights, features survey data from adult children and parents affected by authoritarian parenting methods. Drawing on history, sociology, theology, and extensive survey responses from adult children and parents, they trace the rise of Christian parenting empires that idealize obedient children and perfect households while leaving real families feeling inadequate. They also examine the lasting damage caused by popular Christian parenting teachings, including loss of faith, estrangement, religious trauma, and deep regret for older parents, and provide hope for healing.
