Teacher Education Programs and Online Learning Tools: Innovations in Teacher Preparation Hartshorne, Richard, Heafner, Tina L., Petty, Teresa, 2012-07-31 While online learning has become pervasive in many fields in higher education it has been adopted somewhat slower in teacher education In addition more research is needed to empirically evaluate the effectiveness of online education in teacher preparation **Teacher Education Programs and Online Learning Tools: Innovations in Teacher Preparation** presents information about current online practices and research in teacher education programs and explores the opportunities methods and issues surrounding technologically innovative opportunities in teacher preparation It presents empirical evidence of teacher candidate learning and assessment in the context of various online aspects of teacher licensure **Moderator-topics** ,1922 **Creating Literacy Instruction for All Students** Thomas G. Gunning, 2005 With its inclusive view of literacy **Creating Literacy Instruction for All Students** emphasizes methods that have been validated by research and practice while delivering the basics of all major aspects of reading and writing The Fifth Edition of this best selling book continues to be a comprehensive practical text that provides its readers with step by step guidance for teaching reading and writing Written by distinguished author Tom Gunning this text features sample lessons for virtually every major literacy skill strategy and offers numerous reinforcement suggestions and generous listings of materials With its careful balance between the theory and the practice readers are always given the theories behind the methods encouraging them to choose adapt and construct their own approaches as they create a balanced program of literacy instruction Special emphasis has been given to adapting instruction for English language learners struggling readers and

writers and special needs students throughout the book Unlike comparable texts the new edition stresses effective steps for closing the gap between achieving and struggling readers as mandated by the No Child Left Behind legislation and Reading First

Street Data Shane Safir, Jamila Dugan, 2021-02-18 Radically reimagine our ways of being learning and doing Education can be transformed if we eradicate our fixation on big data like standardized test scores as the supreme measure of equity and learning Instead of the focus being on fixing and filling academic gaps we must envision and rebuild the system from the student up with classrooms schools and systems built around students brilliance cultural wealth and intellectual potential Street data reminds us that what is measurable is not the same as what is valuable and that data can be humanizing liberatory and healing By breaking down street data fundamentals what it is how to gather it and how it can complement other forms of data to guide a school or district s equity journey Safir and Dugan offer an actionable framework for school transformation Written for educators and policymakers this book Offers fresh ideas and innovative tools to apply immediately Provides an asset based model to help educators look for what s right in our students and communities instead of seeking what s wrong Explores a different application of data from its capacity to help us diagnose root causes of inequity to its potential to transform learning and its power to reshape adult culture Now is the time to take an antiracist stance interrogate our assumptions about knowledge measurement and what really matters when it comes to educating young people
