Women's Work in Public Relations Elizabeth Bridgen, Sarah Williams, 2024-03-25 Reconceptualising human experience through a holistic feminist approach this book takes us behind the scenes to connect with women navigating the problems and contradictions of everyday working life **New Idea Woman's Magazine** ,1907 **Offending Women** Lynne Haney, 2010-02-10 Offending Women is an eye opening journey into the lived reality of prison for women in the United States today Lynne Haney looks at incarcerated mothers housed together with their children who are serving terms in alternative community based prisons a type of facility that is becoming increasingly widespread Incorporating vivid sometimes shocking observations of daily life she probes the dynamics of power over women s minds and bodies that play out in two such institutions in California She finds that these alternative prisons contrary to their aims often end up disempowering women transforming their social vulnerabilities into personal pathologies and pushing them into a state of disentitlement Uncovering the complex gendered underpinning of methods of control and intervention used in the criminal justice system today Offending Women links that system to broader discussions on contemporary government and state power asks why these strategies have arisen at this particular moment in time and considers what forms of citizenship they have given rise to

issue carries the subtitle Out of the Tin Can The temptation is to say that it s up to you to interpret it for there are many interpretations possible Some of these might point to the David Bowie classic Space Oddity and the fact that at last many of us in our societies are once again able to step out of the confinement imposed by the pandemic to breath freely again Another interpretation hand in hand with the snappy front cover image might refer to Andy Warhol s iconic pop art consumerism or simply the tastiness of the contents the tin cans hold a little like the insights in this magazine if I dare say And lastly the shades of green to the cans give the message that our consuming society might well contain a new and more responsible sustainable taste to it In any case we hope you download this Global Voice 21 issue open it up and consume its insights with immoderation Enjoy your reading
