**Employment Law Basics** Valeria Cortland, AI, 2025-04-03 *Employment Law Basics* serves as a comprehensive career guide and business management tool offering crucial insights into workplace rights and employer obligations. It navigates the complex terrain of employment law focusing on fair labor practices and the prevention of illegal discrimination vital for a legally compliant work environment. The book emphasizes understanding wrongful termination a situation requiring detailed knowledge of legal precedents. The book progresses systematically starting with fundamental concepts like employee definitions and basic rights then builds into wage laws safety regulations and anti discrimination measures. It dissects termination aspects differentiating lawful from wrongful actions. With real world examples it showcases applying legal principles. What sets *Employment Law Basics* apart is its blend of legal analysis and practical guidance. This approach makes complex legal concepts accessible empowering employees to advocate for their rights and equipping employers to create sound policies.

***Fundamentals of Innovative Sustainable Homes Design and Construction*** Avi Friedman, 2023-06-26 This book offers ideas and practices on contemporary design concepts and illustrates them with plans and photographs of outstanding examples. Current planning and design modes of dwellings and neighborhoods are facing challenges of philosophy and form. Past approaches no longer sustain new demands and require innovative thinking. The need for a new outlook is propelled by fundamental changes that touch upon environmental economic and social aspects. The depletion of non renewable natural resources and climate change are a few of the environmental challenges. Increasing costs of material labor land and infrastructure have posed economic challenges with affordability being paramount among them. Social challenges are also drawing the attention of designers builders and homeowners. Walkable communities aging in place and multigenerational living are some of the concepts considered. In addition live work environments have become part of the economic reality for those who wish to work from home which has become possible through digital advances. The text would be of interest to scholars working in architecture urban planning and construction.
