Restoring America's Foundation: Empowering Fathers for Strong Families Philip M. Herrick, 2023-11-13 In *Restoring America's Foundation: Empowering Fathers for Strong Families*, author Philip M. Herrick delves into the critical role fathers play in shaping the foundation of American society and the challenges faced by contemporary families. This powerful book emphasizes the importance of dedicated and nurturing fathers who, together with strong and loving mothers, form the backbone of a thriving nation. As the very structure of the American family comes under attack, Herrick advocates for a collaborative approach between moms and dads, recognizing the precious contributions each parent brings to their children's lives. Drawing from his experience as a father of four sons, he shares his firm belief in developing good values within the home that will translate to a stronger America. This thought-provoking work calls for a reassessment of parenthood and its impact on our society. To rescue the American family, we need to begin where it all starts: at home. Join Philip M. Herrick in understanding this urgent crisis and rekindling the spirit of unity between parents for a brighter future. **Work-Life**

Research in the Asia-Pacific Xi Wen Chan, Sudong Shang, Luo Lu, 2024-03-29 This book addresses the most pressing and current work-life issues that are impacting Equity, Diversity, and Inclusion (EDI) in organisations across the Asia-Pacific. It is organised around three major themes: 1. Work-life equality and justice; 2. Technology, work, and family; and 3. Work-life values and trends in Asia, all of which will be discussed in relation to EDI. Issues concerning the work-life interface are closely intertwined with issues relating to EDI; for example, labour market inequalities are often fuelled by the interplay of gender, race, and family circumstances. Yet comparatively lesser attention has been given to the non-work aspects, particularly the family context, in research on the work-life interface and contemporary EDI issues. Breaking away from a predominantly Western perspective, this volume offers fresh insights and empirical evidence, shedding light on the most urgent and critical work-life challenges faced by people in the Asia-Pacific. It also provides deep understanding of the broader social, economic, and political environments shaping work-life trends. It will appeal to researchers and practitioners interested in topics related

to human functioning and flourishing at work at home and in society

The Perfect Partnership Michael Lozon, 2005

It's Nation Time Jerry White, 2024-10-01 Speaking at the Congress of African People in September 1970 Amiri Baraka said In Newark when we greet each other on the streets we say what time is it We always say It's nation time Nationalism is about land and nation a way of life trying to free itself National identity and nationhood are too often easily dismissed as retrograde populism or racist exclusion Instead they need to be understood as a key part of a vision of globalization that holds the imperatives of diversity and solidarity in a delicate balance Jerry White offers a defence of the nation based on the assumption that struggles for national identity have often unfolded in ways that should be familiar to those who defend the political standpoint of the progressive left Having evolved into something that a wide variety of actors have sought to defend nations can also serve as a defence against the homogenizing forces of globalization and as

havens of diversity in opposition to more singularly minded forms of affiliation It s Nation Time is structured as a series of specific case studies that speak to theories of nation and their historical and cultural manifestations It includes examples as varied as Black nationalism Simone Weil s hopes for a postwar France the first independence period of Georgia the Bollywood cinema of Nehru era India and small or stateless nations such as New Zealand Quebec Ireland Catalonia the M tis the Mohawk and the Inuit to argue that nationalism is a social form that has much potential and life in it Broadly internationalist but also deeply insightful about the particular cultures and politics of small nations It s Nation Time defends an idea of nation and a form of nationalism that are rooted in the potential for diversity flexibility and progressive politics
