Fundamentals of Human Resource Management Robert N. Lussier, John R. Hendon, 2023-04-06 Fundamentals of Human Resource Management Functions Applications and Skill Development Third Edition helps students of all majors build the skills they need to recruit select train and develop people Bestselling authors Robert N Lussier and John R Hendon explore the important strategic function HR plays in today s organizations A wide variety of applications online self assessments and experiential exercises keep students engaged and help them see the relevancy of HR as they learn skills they can use in their personal and professional lives The Third Edition includes 13 new case studies and new coverage of virtual and flexible work resulting from the COVID 19 pandemic the long lasting effects the pandemic has had on women in the workforce artificial intelligence use within HR and diversity and inclusion *Smart Systems: Innovations in Computing* Arun K. Somani, Ankit Mundra, Rohit Kumar Gupta, Subhajit Bhattacharya, Arka Prokash Mazumdar, 2024-09-29 The book features original papers from the 4th International Conference on Smart IoT Systems Innovations in Computing SSIC 2023 organized by Manipal University Jaipur India during 26 27 October 2023 It discusses scientific works related to data engineering in context of computational collective intelligence consisted of interaction between smart devices for smart environments and interactions Thanks to the high quality content and the broad range of the topics covered the book appeals to researchers pursuing advanced studies **Generations in the World of Work** Corey Seemiller, Meghan Grace, 2024-12-30 Generations in the World of Work provides invaluable data informed insights into the intergenerational dynamics in today s workplaces Generational experts and authors of Generation Z A Century in the Making Corey Seemiller and Meghan Grace present the perceptions motivations and preferences of various generational cohorts and share how those shape individual behaviors communication and collaboration as well as wider organizational structures and norms They offer guidance for how to maximize productivity and relationships to navigate dynamics across generational cohorts Generations in the World of Work offers employees managers and organizational leaders guidance for maximizing productivity relationships wellbeing and engagement across generational differences in order to create thriving workplaces that value and leverage each person s strengths *Being at Work* Mark Cole, 2025-11-18 This thought provoking and ground breaking book offers a way for us all to consider our experience of being at work and of the nature of working life Written in an engaging and accessible style it presents the practical means by which to apply central features of existentialism to make sense of how we relate to work and the workplace These include topics such as freedom and choice looking for purpose and making meaning and authenticity We spend a great deal of time at work and being at work is often a challenge Reference to the past in a corporate context tends to see it as a graveyard for errors and failures the future is something articulated by senior leaders and the place to which we are expected to travel in terms of their definition The specious present is the place where we experience our being in the moment the location where we do our work but it is rarely acknowledged in the places where we

work This book offers new insights into how we can all meaningfully live our lives in the context of the world of work To do this it offers a personalised understanding of the existentialist way of philosophising It looks to simplify complex concepts in order to offer the reader a different way of thinking about the time that they spend at work and how they might consider different and more positive ways of being in such an environment It recognises that we spend a considerable amount of our life in the workplace and so argues that we need to consider that and find ways in which to make that experience personally meaningful Where other practices designed to help people to make sense of their actual experience are introspective existentialism is reflexive and active Similarly where those other approaches are deeply individualistic existentialism constantly reminds us that our choices are undertaken in relation to others and that they have a collective implication Whether you are keen to make sense of your experience of workplace and what it means to be a human being in that context or looking to explore how you embrace the challenges of being a leader in business this book will offer you rich perspectives for sense making and ways of rethinking your presence at work
