**Artificial Intelligence and International Law** Jaemin Lee, 2022-05-10. This book examines the timely issue of artificial intelligence AI and law. At this moment AI is rapidly developing and being utilized in many different sectors. Meanwhile the rise of AI raises complex questions and poses new challenges. New products and services involving AI will require new regulations and standards to minimize potential negative side effects and maximize the benefits of this new technology both within domestic law and international law. Thus this book focuses on the impact of AI on international law and seeks ways to develop international law frameworks to adequately address the challenges of the AI era. In this context new forms of inter state conflicts and emergence of new subjects and objects of international law are discussed along with relevant up to date developments in major jurisdictions. Issues arising from the advent of AI relating to state sovereignty state responsibility dispute settlements and north south divide are also considered.

**Dwell**, 2005-01. At Dwell we're staging a minor revolution. We think that it's possible to live in a house or apartment by a bold modern architect to own furniture and products that are exceptionally well designed and still be a regular human being. We think that good design is an integral part of real life. And that real life has been conspicuous by its absence in most design and architecture magazines.

The Emotional Side of Organisational Change Jennifer Bryan, 2026-01-22. Most people shy away from emotion especially at work. Yet when it comes to leading change emotion is exactly what leaders can't afford to ignore. This book lifts the lid on the part of change leadership that's so often overlooked: how people feel. It explores why emotions drive behaviour how they shape reactions to change and what leaders can do to turn emotional resistance into resilience and momentum. Change has become business as usual but that doesn't mean leaders know how to manage it well. Too often feelings are dismissed ignored or avoided altogether leaving people demotivated and disengaged. And change is no longer a one off event it's constant. Every leader regardless of role or industry needs to navigate shifting priorities structures and expectations. But while the pace of change has accelerated our ability to deal with its emotional impact has not. This book offers a proven people first approach to leading change that works and puts understanding empathy and foresight at the heart of the process. Drawing on cutting edge behavioural research and tested in
