Sustainable Entrepreneurship and Family Business for Women's Empowerment Gigauri, Iza, 2025-03-06
Sustainable entrepreneurship within family businesses offers a powerful platform for women's empowerment, blending economic growth with social and environmental responsibility. As women continue to lead in family-owned enterprises, they drive innovation and profitability while improving sustainable practices that prioritize long-term well-being over short-term gains. By focusing on ethical business strategies, resource conservation, and community development, women entrepreneurs reshape industries while fostering inclusive growth. Family businesses provide a unique environment for women to influence business culture, integrate personal values, and create lasting legacies that contribute to both their personal empowerment and broader societal progress. Sustainable Entrepreneurship and Family Business for Women's Empowerment focuses on women's empowerment in entrepreneurship and provides a theoretical and practical framework for an inclusive society and gender equality in business. It emphasizes the importance of entrepreneurship and family business in fostering women's empowerment. This book covers topics such as skill development, sociology, and economics, and economic theory, and is a useful resource for business owners, entrepreneurs, sociologists, economists, academicians, and researchers.

Humans Plus Technology Nancy Gleason, 2025-04-30
Emerging technologies that enable automation of tasks are changing the skills demanded in the workplace and the tasks we perform. The pace and scale of changes brought on by the fourth industrial revolution, as well as changing demographics and climate change, mean that we are facing an upskilling emergency in the global labor force. Key trend areas considered are enhanced humans, old jobs and new skills, new technologies that create new work, and the phenomena of deskilling. As generative AI, such as ChatGPT and Microsoft Copilot, enjoy unprecedented user engagement, the durable skills required for success in the professional world are shifting. Until now, the voices contributing to the public discourse on the future of work rarely include

those who will actually do the work This book shares youth perspectives on specific cases of how technology is changing the tasks we perform in our everyday jobs and the new skills that are needed to thrive in a human technology workplace Around the world youth are entering the workforce during an era of artificial intelligence and unprecedented disruption The contributors to this volume are global relevant and have a vested interest in the outcomes They bring fresh perspectives industry relevant knowledge and cautious optimism for keeping pace with future technology while maintaining our humanity
