**Blogging for Profit** Dave John Price, 2020-02-27 Have you ever fantasized about achieving success and money with your own business Would you like to step in the process to create 10 000 Month source of income If the answer is yes then keep reading If you ever dreamt of making money from everywhere running an easy and simple passive income model blogging is for you and where you start Blogging is an online business based on an easy and simple idea you write about the topics that you are passionate about focusing on specific problems people would like to solve You see once you find a profitable niche and start giving your audience the knowledge and the solution to their issues and problems then you can turn this audience into paying customers and in return you start to make a full time income Now you might be thinking how can I get known How can I get people with problems to read my blog Well you can get free traffic to your website so you can turn visitors into customers You just need to implement effective SEO strategies and affiliate marketing techniques Don t worry if you don t have any idea about what I m saying This guide is designed for anyone who is interested in creating and earning money from their blog It has the exact strategies that are used by the big guys who are making full time income from home Of course this is designed for the beginner in mind by teaching all the steps required to start a blog It goes further to induce more knowledge about converting a blog into a money machine which is what bloggers should be dreaming about Blogging takes a bit of time to establish yourself in your field so put in the effort with the understanding that it will pay off in the long run as long as you stick to it Remember why you are doing it by keeping your goal posted where you can see it often And always keep your focus on your readers not on yourself Bring your passion to them and it will not only benefit both parties but you will be more successful for longer this way The more you benefit your readers the more you will make It may sound simple but it is easy to forget If you find yourself slipping away

from being customer focused put up another note posted by the goal that brings you back to them You will not regret it In this book you will learn The secret step by step approach to make a profitable blog from scratch The traffic strategies used by the big guys who are making full time income from home with their money making blogs The unknown formula to use social media marketing to make real money Last but not least feel free to have a look at the rest of my collection of books about business to create a 10K month passive income I will be glad to see that you get them Would you like to know more Scroll up and click the buy now button [Affiliate Marketing For Beginners](#) Tim Murphy,2020-12-29 If you were to ask a random user of the Internet what he or she thought Affiliate Marketing was he or she would likely claim that it was a way of making money online as an intermediary Here people make a commission from a sale or a referral when a visitor to his or her site clicks on a link that directs him or her to a product or page online However as much as there is a lot of truth there Affiliate Marketing does not only have to take place online For example affiliate marketing is also where a plumber gives a client a discount for referring him or her to a new client It is the same concept This kind of marketing happens a lot in the real world but people do not trace or coordinate it as much as is the case with online marketing Business owners can ask their customers how they came to know about them in an effort to learn about their client base but they cannot get as much information as they would be using online tracking The growing online market has made this type of marketing more popular and profitable It has also made it easier to grow and expand whatever type of business an individual is in with the help of numerous professional marketers who will not necessarily appear on their payroll Therefore while its history started long before the invention of the Internet the Internet has transformed it and made it widely available to the masses You will start by learning all about the ins and outs of affiliate marketing and what you need to get your feet wet in the marketing world You will then learn about the importance of choosing the right niche and how to find one that will provide you with a sustainable passive income stream for years to come From there you will learn the key steps to creating a website that will attract the right type of users as well as the importance of SEO and how to ensure that your new website shows up in as many different sets of search results as possible Finally you will learn just what it takes to create the type of quality content that ensures people keeping back for more month after month and year after year Every effort was made to ensure it is full of as much useful information as possible please enjoy [Affiliate Marketing](#) Daren H.
