Gaming the System David J. Gunkel, 2018-05-09 1 This extremely multidisciplinary book engages descriptive and prescriptive methods of study to video games drawing heavily on philosophical traditions It will have appeal outside of Film Media and Philosophy to other areas of scholarly research including Sociology Anthropology and Political Science 2 The author is a senior scholar with extensive publications that explore the intersection of philosophy and ethics with digital games and reality He has a strong presence on Facebook and Twitter as well as a well designed personal website He has historically be very engaged with his own digital and social media marketing for books he authors and plans to do the same for this title 3 The author works to debunk and reframe what readers think they know about video games and digital culture

showing that it is wrong or at least misguided and that the important questions are often far more interesting and potentially disturbing than anticipated
