The gathering also honored the memory of Antoinette, who died 29 August 1987 after a long illness and her own no less remarkable career. This volume collects the 24 invited review papers and the 60 contributed poster papers presented at the meeting. Gerard de Vaucouleurs was born on 25 April 1918 in Paris, where he spent his boyhood. He became an active amateur astronomer in the early 1930s, making extensive observations of Mars, Jupiter, and variable
