This step-by-step guide offers advice on how to develop the strategies needed to do this, provides clear lessons throughout from a range of experts and distinctively looks beyond the corporate sector to charities, governments, NGOs and the public sector. Boards, trustees, non-executive directors, senior management and leaders of all types of organisations need to consider the steps that should be taken to build, maintain and defend their reputation, and that means knowing what their reputation is and the audiences that matter most to them. This book is the roadmap.
