Crisostomo,1996 In a news career spanning more than sixty years Joseph C Harsch was a firsthand witness to many of the great events of the twentieth century As a reporter and columnist for the Christian Science Monitor and as a correspondent for all three of the major networks he became one of the most respected figures in the profession a mentor to a generation of journalists covering international affairs At the Hinge of History is Harsch's career autobiography What is most striking in this deftly rendered account is Harsch's uncanny knack for being at the right place at the right time He was a reporter in Washington when President Hoover began to grasp the magnitude of the economic crisis that became known as the Great Depression While traveling to the Soviet Union in 1941 he arrived in Hawaii just before the Japanese attacked Pearl Harbor He was with General MacArthur in Australia on the occasion of the I shall return speech He reported from the liberated death camps in 1945 went behind the newly forged Iron Curtain in 1947 and 1949 and was stationed in London when certain postwar pressures tested the Anglo American alliance Throughout the book Harsch reveals an overarching perspective that places major events in a larger historical context This is especially evident in the later chapters when he discussed the course of the Cold War the role of ideology in the American view of China and the conduct of the Vietnam War and the origins of the Arab Israeli conflict The book is filled with fascinating sketches of his encounters with such figures as President Roosevelt General MacArthur Dean Acheson Walter Lippmann and Adlai Stevenson On occasion Harsch recalls events not recounted elsewhere and he frequently casts a new light on familiar ground In one eye opening chapter for example he describes the international effort in the 1930s to resettle European Jews in Angola an effort that collapsed when Hitler invaded Poland He provides a chilling firsthand recollection of the complacency and unpreparedness that preceded the Pearl Harbor bombing In still other chapters he relates his role in the capture of Nazi leader Albert Speer and in the investigation following the mysterious murder in Greece of his fellow correspondent George Polk At once refreshingly direct and replete with self effacing irony At the Hinge of History is a memorable testament to the personal qualities of its author to the art and science of journalism and to the tumultuous twentieth century
