The Ultimate Long-Distance Dads Guide Drs. Danny R. Andreas Msc., 2025-05-15 I've lived it myself I wrote this book to share the knowledge I wish I'd known ten years ago before I became a distance dad before the legal battles and before parental alienation began It would have saved me so much time energy sanity and money You can't always be near your child But that doesn't mean you can't still be their dad Read this book if you want to build bonds that distance legal obstacles or parental alienation can't break Own Fatherhood It Matters Today Through research and trial and error I developed strategies across many areas that actually work The close bond my child and I share today despite all the odds is

living proof of that My book is filled with practical easy to follow tips you can apply right away It s not rocket science In fact you ll see much of it is just common sense Some of the things you ll learn Parent your child positively and effectively even from afar Build and keep a meaningful bond at each developmental stage Use tech and smart tricks to turn boring video calls into engaging moments Handle legal battles and parental alienation as a divorced or long distance dad Save money on legal fees travel and gifts You don t need permission to be a dad You just need the right knowledge and tools Let this guide help you become the dad your child remembers and respects no matter the circumstances *The Pocket Guide to Practical AI Prompts for Everyday Writing* Pradeep Maurya,2025-11-12 Unlock the real power of AI for writers students and entrepreneurs This concise guide reveals practical prompt frameworks you can copy and adapt instantly for brainstorming editing tone outlining and polishing your text No jargon just step by step methods to boost creativity and productivity while keeping your authentic voice *Write With AI: Guide for Fiction and Nonfiction Authors* Rachelle Ayala, Are you a writer or author looking to stay ahead of the curve in the rapidly evolving world of AI Write With AI offers a step by step guide to harnessing artificial intelligence for both fiction and nonfiction writing Includes ready to use prompts for you to try with ChatGPT In this comprehensive guide you will learn how to Employ AI tools such as ChatGPT and Sudowrite to create write and refine stories novels articles reports and nonfiction books Generate innovative ideas and captivating content with AI assistance Develop engaging story outlines plots and characters for fiction or structure nonfiction works effectively Utilize AI to write scenes and sections edit your work critique and polish Adapt to the future of publishing and marketing in the AI era Overcome any reservations or uncertainties about incorporating AI into your writing process and gain insights on using it ethically and effectively Authored by an accomplished writer and writing coach this book shares a wealth of knowledge practical tips and best practices honed through years of experience Write With AI caters to writers of all levels from beginners to veterans empowering them to enhance their craft and thrive in the AI driven future Equip yourself with the tools and skills to create compelling fiction and nonfiction works with the help of AI Embrace the transformative possibilities and unlock your full potential as a writer in the era of artificial intelligence *How AI Thinks* Nigel Toon,2024-02-08 THE 2 TIMES BESTSELLER Artificial intelligence is going to have a massive impact on everyone s lives an accessible and sensible read that helps demystify AI Deborah Meaden entrepreneur and star of Dragon s Den Nigel Toon is a visionary leader in the field of artificial intelligence a must read Marc Tremblay Distinguished Engineer Microsoft Those who understand how AI thinks are about to win big We are used to thinking of computers as being a step up from calculators very good at storing information and maybe even at playing a logical game like chess But up to now they haven t been able to think in ways that are intuitive or respond to questions as a human might All that has changed dramatically in the past few years Our search engines are becoming answer engines Artificial intelligence is already revolutionising sectors from education to healthcare to the creative arts But how does an AI understand sentiment or context How does it play and win games that have an almost

infinite number of moves And how can we work with AI to produce insights and innovations that are beyond human capacity from writing code in an instant to unfolding the elaborate 3D puzzles of proteins We stand at the brink of a historic change that will disrupt society and at the same time create enormous opportunities for those who understand how AI thinks Nigel Toon shows how we train AI to train itself so that it can paint images that have never existed before or converse in any language In doing so he reveals the strange and fascinating ways that humans think too as we learn how to live in a world shared by machine intelligences of our own creation
