The Japan Journal ,2005 **Blogosphere** Michael Keren,2006-09-15 Examining the web logs or blogs of individuals from a variety of continents and cultures this book highlights the nature of blogosphere the virtual public arena of the early 21st century which alters the traditional world of media and politics It characterizes this new arena by the unique combination of a fresh voice of emancipation and a deep sense of melancholy and isolationism This journey through

blogosphere highlights major forces operating in today's politics: apathy toward political affairs, resistance to globalization, a quest for redemption through religious fundamentalism and terrorism. Michael Keren compares bloggers to terrorists, arguing that while the methods advocated by the two groups are obviously very different, they both represent a similar trend: one of diversion by respected but disenchanted citizens from the norms of civil society to a fantasy world in which the excessive use of words or bombs would make everybody listen.

Understand Blog Content Writing Aysegul Balkose, 2021-05-17 Story. It is about a story, the plot, and its characters. You, blog writers, are storytellers. Here is the twist: you are also one of the main characters. The blog has an angle for the plot and its perception of the world around it. Blog as an entity has an identity, the way of thinking and acting. It has ideas of its own. It is a great help to define these for the blog and yourself as the writer before you start chucking in your best ideas and publishing them. Blogs want to be found on Google. For this, their content should be countered on the Reader. Not everyone will use the same words to search. To search relevant content, they will use semantic words. Your job is to write content which covers these semantic searches. The reason I am writing this book is because it would make me feel so happy if I can help people understand the core concepts of blog writing. This was a struggle for me when I started writing blogs. I believe that knowing a basic working structure gives people the opportunity to leap forward faster. By helping others to decode basic concepts, I know I am also helping myself as I embark on another journey of taking responsibility. My mission is to make people learn some life-changing concepts quicker, regardless of where they find themselves in life.
