Digital Access and Museums as Platforms Caroline Wilson-Barnao, 2021-07-25 Digital Access and Museums as Platforms draws on interviews with museum practitioners along with a range of case studies from public and private institutions in order to investigate the tensions and benefits involved in making cultural collections available using digital technologies Taking a media and critical studies approach to the museum and raising questions about the role of privately owned search engines in facilitating museum experiences the book questions who collects what for whom objects are collected and what purpose these objects and collections serve Connecting fieldwork

undertaken in Australia and New Zealand with the global practices of technology companies Wilson Barnao brings attention to an emerging new model of digital ownership and moderation Considering the synergising of these institutions with media systems which are now playing a more prominent role in facilitating access to culture the book also explores the motivations of different cultural workers for constructing the museum as a mediatised location Digital Access and Museums as Platforms will be of interest to academics and students working in the fields of museum studies art culture media studies and digital humanities Weighing in on conversations about how technologies are being incorporated into museums the book should also be useful to practitioners working in museums and galleries around the world

Information Visualization in The Era of Innovative Journalism Carlos Toural-Bran, Ángel Vizoso, Sara Pérez-Seijo, Marta Rodríguez-Castro, María-Cruz

Negreira-Rey, 2020-04-21 Information Visualization in the Era of Innovative Journalism brings together over 30 authors from countries around the world to synthesize how recent technological innovations have impacted the development practice and consumption of contemporary journalism As technology rapidly progresses shifts and innovates there have been immense changes in the way we communicate This book collects research from around the world that takes an in depth look at the primary transformations related to journalistic innovation in recent times High profile contributors provide cutting edge scholarship on innovation in journalism as it relates to emergent topics such as virtual reality podcasting multimedia infographics social media mobile storytelling and others The book pays special attention to the development of information visualization and the ability of recent innovations to meet audience needs and desires Students and scholars studying contemporary journalism history and practice will find this a vital and up to date resource as well as those studying communication technology as it relates to marketing PR or mass media broadly
