seem nearly impossible The work doesn't stop once the program is created volunteers have to be trained and retained job duties have to be written assessed and refreshed the benefits of the program need to be documented and weighed While volunteer coordinator is easily a full time job it rarely is in the library or nonprofit world Anything that can make volunteer management easier on library and nonprofit staff will benefit everyone involved Library Volunteers A Practical Guide for Librarians covers every aspect of volunteer programs from creating to recruiting to retaining and keeping the opportunities fresh and appealing It has information pertaining to elementary age teenage and adult volunteers including innovative and unique volunteer positions that can be offered to them The book covers both school and public library settings but the information provided can be adapted slightly to benefit any organization that has a need for volunteer help It looks beyond the scope of the library to include information on outreach and partnering with community organizations to provide volunteer opportunities to library patrons and volunteers on a broader scale It is a complete handbook for library and nonprofit employees to use to solve any volunteer issue they might have
