Franklin,2013-09-13 The future of journalism is hotly contested and highly uncertain reflecting developments in media
technologies shifting business strategies for online news changing media organisational and regulatory structures the
fragmentation of audiences and a growing public concern about some aspects of tabloid journalism practices and reporting
as well as broader political sociological and cultural changes These developments have combined to impoverish the flow of
existing revenues available to fund journalism impact radically on traditional journalism professional practices while
simultaneously generating an increasingly frenzied search for sustainable and equivalent funding and from a wide range of
sources to nurture and deliver quality journalism in the future This book brings together journalists and distinguished
academic specialists from around the globe to present the findings from their research and to discuss the future of journalism
the shifting quality of its products its wide ranging sources of finance as well as the economic and democratic consequences
of the significant changes confronting Journalism The Future of Journalism details the challenges facing the press in
contemporary societies and provides essential reading for everyone interested in the role of journalism in shaping and
sustaining literate civil and democratic societies This book consists of special issues from Journalism Studies and Journalism
