Big Book of Virtual Teambuilding Games: Quick, Effective Activities to Build Communication, Trust and Collaboration from Anywhere! Mary Scannell, Michael Abrams, Mike Mulvihill, 2011-12-16 Get remote team members to interact as if they're in the same room. Whether you're videoconferencing with team members across the world or emailing a colleague sitting ten feet away, the truth is evident: technology has permanently altered the way we communicate. The virtual workplace can facilitate quicker decision making and reduced overhead. But the lack of face-to-face interaction can also impede trust, innovation, and creativity among team members. The Big Book of Virtual Team Building Games is packed with games and activities for developing productive virtual teams across all digital platforms including email, mobile devices, web-based conferencing tools, and social media sites such as Facebook, Twitter, and Skype. The Big Book of Virtual Team Building Games helps you build a greater sense of community and reduce conflict. Increase levels of engagement. Get the most out of more introverted team members. Boost team members' productivity. Make sure that the only thing separating your people is distance. The Big Book of Virtual Team Building Games is just the tool you need to develop trusting relationships, foster clear communication, and use technology to enhance the team's connections.

Remote Control: A Practitioner's Guide to Managing Virtual Teams Stephen Troutman, 2005 The world today demands a more complex and integrated model of work that entails people working together simultaneously, remote, matrixed, and global. The modern virtual team methodology can help organizations meet this challenge. The Team Capital Model, whereby teams deposit assets that can later be withdrawn during the inevitable periods of stress during a project, is the fundamental concept that helps ensure smooth functioning, effective, and successful teams.

50 Digital Team-Building Games John Chen, 2012-05-01 Use technology to increase loyalty and productivity in your employees. 50 Digital Team Building Games offers fun, energizing meeting openers, team activities, and group adventures for business teams using Twitter, GPS, Facebook, smartphones, and other technology. No need to be a techie to lead these games; they're simple and well-scripted. Author John Chen is the CEO of Geoteaming, a company that uses technology and adventure to teach teams how to collaborate. How to lead a simple, fast, fun team building activity with easy-to-follow instructions. How to create successful virtual team building that requires NO travel and little to no additional expenses. How to engage standoffish engineers, hard-to-reach technical teams, or Gen X/Y teammates with technology they enjoy using. Successful technology-based team building can build buzz for your company, build critically important relationships, and communicate internally and keep your team talking about it for weeks afterward.
