Power in Ideas Kirsten Adams, Daniel Kreiss, 2021-05-13 This Element develops an analytical framework for understanding the role of ideas in political life and communication *Power in Ideas* argues that the empirical study of ideas should combine interpretive approaches to derive meaning and understand influence with quantitative analysis to help determine the reach spread and impact of ideas This Element illustrates this approach through three case studies the idea of reparations in Ta Nehisi Coates s *The Case for Reparations* the idea of free expression in Mark Zuckerberg s Facebook policy speech at Georgetown University and the idea of universal basic income in Andrew Yang s *Freedom Dividend* *Power in Ideas* traces the landscapes and spheres within which these ideas emerged and were articulated the ways they were encoded in discourse the fields they traveled across and how they became powerful

Measuring and Accounting for Innovation in the Twenty-First Century Carol Corrado, Jonathan Haskel, Javier Miranda, Daniel Sichel, 2021-05-18 Measuring innovation is a challenging task both for researchers and for national statisticians and it is increasingly important in light of the ongoing digital revolution National accounts and many other economic statistics were designed before the emergence of the digital economy and the growth in importance of intangible capital They do not yet fully capture the wide range of innovative activity that is observed in modern economies This volume examines how to measure innovation track its effects on economic activity and on prices and understand how it has changed the structure of production processes labor markets and

organizational form and operation in business The contributors explore new approaches to and data sources for measurement such as collecting data for a particular innovation as opposed to a firm and using trademarks for tracking innovation They also consider the connections between university based R D and business start ups and the potential impacts of innovation on income distribution The research suggests strategies for expanding current measurement frameworks to better capture innovative activity including developing more detailed tracking of global value chains to identify innovation across time and space and expanding the measurement of innovation s impacts on GDP in fields such as consumer content delivery and cloud computing

Digital Marketing Dr. K R Kumar, Dr. S. Sudhakar, Dr. G. Vani, Management Aesthetics Michał Szostak, 2024-11-18 This edited collection presents the complex theory of kitsch from aesthetic and artistic points of view transposed into managerial and organisational fields In the spirit of management aesthetics on the ground of humanistic management the central aim of the volume is to show that kitsch is a common phenomenon not only in art and culture but also in management and its conscious perception and mindful use may be beneficial for achieving organisational and managerial goals efficiently Due to the diverse research problems covered by particular chapters no unified methodology is applied in the book every author applied an optimal method for the selected topic However due to the complex and metaphysical character of the kitsch phenomenon the only common fundament of all chapters is using the kitsch experience theory Szostak and Su kowski 2020 The dominant analytical approach is qualitative with extensive use of case studies comparative analyses and ethnographic focus Despite this some chapters also include the application of the quantitative approach for the hypotheses verification This book makes a giant step ahead of its competitors by implementing the kitsch theory especially the kitsch experience theory in a broad spectrum of managerial and organisational fields like marketing advertising brand management business communication entrepreneurship leadership decision making human resource management corporate social responsibility city space management management of technology and innovation and organisational culture It should be a must read for researchers academics practitioners and advanced students in these fields
