Mother Jones ,2007 *Youtube in the Language Classroom* Sebastian Altenhoff,2011-02 Seminar paper from the year 2009 in the subject Didactics for the subject English Pedagogy Literature Studies grade 1 0 University of Duisburg Essen

Anglophone Studien language English abstract According to Ellis learning a language means making use of the language in R
 schoff Wolff 1999 54 This not only implies the claim of free spontaneous communication but also of dealing with and of
 experiencing the target language as such The claim of experiencing the target language in the language classroom leads to a
 growing interest in the quality of the materials used According to Wolff 1998 any kind of learning no matter whether verbal
 or non verbal has to be embedded in a rich learning environment that has not been reduced concerning its complexity
 Authenticity is thus one of the main criteria in order to evaluate the quality of materials This criterion applies to all materials
 such as literature that have not been changed for the purpose of teaching and learning of course In this thesis however using
 authentic video in the language classroom will be considered and analysed according to its didactic benefits Integrating
 video in the language classroom does not necessarily mean having to watch and to analyse a whole film of ninety minutes
 Thanks to Web 2 0 applications such as YouTube the accessibility of short video clips advertisements or film excerpts has
 become very simple Because of the growing popularity of this webpage and of integrating Web 2 0 applications in the
 learning environments in general my entire analysis will relate to videos taken from YouTube This thesis aims to provide both
 a theoretical part I and a practical investigation part II of the topic in order to create a framework for analysis I will first of
 all give a short overview of the didactic benefits of integrating authentic video in the language classroom in general This
 survey is followed by a short description of the basic ideas of YouTube **Adweek** ,2008 [Moonleapers, Book 1:](#)

 and City Spies When Maisie s mom gives her an old phone Maisie can t believe her luck finally she can keep up with everyone

 Maisie s great aunt Hazel Maisie s only getting a phone because she ll be responsible for her younger siblings during the
 entire trip With that Maisie is ready to give the phone back Then the first puzzling text comes in Between the mystery texts
 and a not completely blank book from Great Aunt Hazel Maisie finds herself thrown into the world of moonleapers Will she be
 able to learn more about the secretive group and help them accomplish their crucial mission in time **Brandweek**
