**Media Authorship** Cynthia Chris, David A. Gerstner, 2013 Contemporary media authorship is frequently collaborative participatory non site specific or quite simply goes unrecognized In this volume media and film scholars explore the theoretical debates around authorship intention and identity within the rapidly transforming and globalized culture industry of new media Defining media broadly across a range of creative artifacts and production cultures from visual arts to videogames from textiles to television contributors consider authoring practices of artists designers do it yourselfers media professionals scholars and others Specifically they ask What constitutes media and authorship in a technologically converged globally conglomerated multiplatform environment for the production and distribution of content What can we learn from cinematic and literary models of authorship and critiques of those models with regard to authorship not only in television and recorded music but also interactive media such as videogames and the Internet How do we conceive of authorship through practices in which users generate content collaboratively or via appropriation What institutional prerogatives and legal debates around intellectual property rights fair use and copyright bear on concepts of authorship in new media By addressing these issues Media Authorship demonstrates that the concept of authorship as formulated in literary and film studies is reinvigorated contested remade even reauthored by new practices in the digital media environment

**Watch Me Play** T. L. Taylor, 2018-10-16 A look at the revolution in game live streaming and esports broadcasting Every day thousands of people broadcast their gaming live to audiences over the internet using popular sites such as Twitch which reaches more than one hundred million viewers a month In these new platforms for interactive entertainment big esports events featuring digital game competitors live stream globally and audiences can interact with broadcasters and each other through chat in real time What are the ramifications of this exploding online industry Taking readers inside home studios and backstage at large esports events Watch Me Play investigates the rise of game live streaming and how it is poised to alter how we understand media and audiences Through extensive interviews and immersion in this gaming scene T L Taylor delves into the inner workings of the live streaming platform Twitch From branding to business practices she shows the pleasures and work

involved in this broadcasting activity as well as the management and governance of game live streaming and its hosting communities At a time when gaming is being reinvented through social media the potential of an ever growing audience is transforming user generated content and alternative distribution methods These changes will challenge the meaning of ownership and intellectual property and open the way to new forms of creativity The first book to explore the online phenomenon Twitch and live streaming games Watch Me Play offers a vibrant look at the melding of private play and public entertainment
