Salma, Milinkumar Maru, Mr Romero D'Souza, 2025-06-25 **Platform Neutrality Rights** Hannibal Travis, 2024-07-24 This book analyzes questions of platform bias algorithmic filtering and ranking of Internet speech and declining perceptions of online freedom Courts have intervened against unfair platforms in important cases but they have deferred to private sector decisions in many others particularly in the United States The First Amendment human rights law competition law Section 230 of the Communications Decency Act and an array of state and foreign laws address bad faith conduct by Internet platforms or other commercial actors Arguing that the problem of platform neutrality is similar to the net neutrality problem the book discusses the assault on freedom of speech that emerges from public private partnerships The book draws parallels between U S constitutional and statutory doctrines relating to shared spaces and the teachings of international human rights bodies relating to the responsibilities of private actors It also connects the dots between new rights to appeal account or post removals under the Digital Services Act of the European Union and a variety of fair treatment obligations of platforms under American and European competition laws public accommodations laws and public utilities laws Analyzing artificial intelligence AI regulation from the point of view of social media and video platform users the book explores overlaps between European and U S efforts to limit algorithmic censorship or shadow banning The book will be of interest to students and scholars in the field of cyberlaw the law of emerging technologies and AI law **Radical Reporting** Sara I. James, 2025-01-31 If I were giving out an award for book of the year for internal audit professionals I would certainly award it to her outstanding manuscript Radical Reporting Writing Better Audit Risk Compliance and Information Security Reports Richard Chambers Former President and CEO The Institute of Internal Auditors Most people dread writing reports they also dread reading reports What they don't realize is that the techniques that make writing more readable make it more powerful This is especially relevant for professionals in areas such as audit risk compliance and information security This small volume provides the tools and techniques needed to improve reports It does so through addressing crucial concepts all too often overlooked in the familiar rush to perform tasks

complete projects and meet deadlines These concepts the role of culture in communication the link between logic and language the importance of organizing thoughts before writing and how to achieve clarity may seem academic or theoretical They re not Unless writers understand their own thoughts actions and objectives they cannot hope to communicate them at all let alone clearly This second edition develops these points with additional material on critical thinking as well as the use of AI in reporting
