

# 9 Tips for Working Remotely

## SPACE

Designate a space for work & work only. Minimize interruptions from family & roommates there.

## DOOR

Close the door to your workspace. This reminds others you are busy while minimizing noise.

## HEADSET

Use headsets, not speakerphones. Most speakerphones have technical limitations.

## PAUSE

On conference calls, pause often. You cannot see body language & this allows more feedback.

## VIDEO

Use video as much as possible. A major portion of our communication is non-verbal.

## EYE CONTACT

On video calls, look into the camera, not at the other person. Participants perceive this as making eye contact.

## ONLINE

Use online tools to access your work from any computer, whether at home or the office.

## BACK UP

Remember to connect to your office network or manually make backup copies of work.

## FOCUS

The human brain does not multitask. When working, focus on work. When with your family, be fully with them.
