## **No Bs Ai Customer Support Bot Guide For Bloggers:**

The Equality Machine Orly Lobel, 2022-10-18 AN ECONOMIST BEST BOOK OF 2022 At a time when AI and digital platforms are under fire Orly Lobel a renowned tech policy scholar defends technology as a powerful tool we can harness to achieve equality and a better future Much has been written about the challenges tech presents to equality and democracy But we can either criticize big data and automation or steer it to do better Lobel makes a compelling argument that while we cannot stop technological development we can direct its course according to our most fundamental values With provocative insights in every chapter Lobel masterfully shows that digital technology frequently has a comparative advantage over humans in detecting discrimination correcting historical exclusions subverting long standing stereotypes and addressing the world's thorniest problems climate poverty injustice literacy accessibility speech health and safety Lobel's vivid examples from labor markets to dating markets provide powerful evidence for how we can harness technology for good The book's incisive analysis and elegant storytelling will change the debate about technology and restore human agency over our values

**AI Agents vs. AI Chatbots: A Strategic Guide for B2B Customer Service** Branislav Bozanic, 2025-04-01 In 2021 Uber was expanding at a staggering rate but growth came at a cost After pandemic related restrictions eased the multinational American transportation company faced severe driver shortages and regulatory hurdles that slowed the hiring of new drivers Wait times surged prices fluctuated and customer frustration grew One of the biggest bottlenecks was due to customer support The high volume of tickets coming in across multiple channels required manual processing And therein lay their problem Even Uber couldn't keep up with all the customer support demands This resulted in slow response times inconsistent resolutions and high operational costs However their team didn't panic There was an obvious solution AI driven technologies More precisely an AI powered robotic process automation RPA system Uber quickly implemented RPA to categorize tickets and handle repetitive and time consuming customer support tasks The results Processing time for common issues dropped from days to minutes Customer satisfaction skyrocketed with faster response times Cost savings were massive with the company revenue growing from 17 to 32 billion US dollars the following year 1 Thanks to chatbots and now AI agents automating customer service is getting easier cheaper and more scalable These digital assistants can answer customer questions and automate simple tasks based on a specific set of data But only one of them can also make dynamic decisions plan actions and even learn from experiences offering unparalleled service Curious to know which one is the all around solution that is more suitable for the B2B ecosystem This ebook aims to demystify the differences between AI Agents and AI Chatbots provide their respective benefits and help businesses make the right choice according to their unique customer service requirements

Increase sales and lead generation with AI and chatbots Krzysztof Wroblewski, 2023-07-10 To grow your ecommerce business you need to gain more clients And to achieve it you have to provide high quality customer experience Sounds logical But the more visitors on your website the more questions your support agents have to handle And

here is the challenge you need to face to successfully grow your store How to serve more clients answer more questions and maintain the highquality of support at the same time There are two ways The first is to constantly hire new support agents It probably will work but the cost you ll have to take for constantly recruiting and training new employees will be huge The second way is connected to technology that took the ecommerce industry and not only this one by a storm and will stay with us for a long time If not forever The AI      Empowering Organizations with Power Virtual Agents Nicolae Tarla,2021-08-13
