A Practical Guide to Scientific Writing in Chemistry

Andrew Terhemmen Tyowua,2023-03-31 Successful completion of postgraduate studies especially PhD and career advancement in academia strongly depend on the ability to publish scientific papers or books and attract research grants However many chemical scientists find preparing scientific papers and research grant and book proposals difficult partly because of insufficient training in writing and partly because there are few practical books to enable them to learn the art This step by step practical guide is intended mainly for postgraduate students and early career researchers in chemical

science and the libraries that serve them but will also be useful to other scientists

Key Features

- Improves the reader's chances of getting their manuscript published in chemistry journals
- Increases the likelihood of winning research grants in chemistry
- Takes a lead by the hand approach
- Contains chapters on the preparation of graphical abstracts and research highlights
- Uses sketches and other illustration styles to aid mental visualization of concepts
- Contains practical examples taken from published papers and successful research grant proposals
