Principles of Strategic Communication Derina Holtzhausen, Jami Fullerton, Bobbi Kay Lewis, 2025-10-31. Now in a second edition, this book introduces students to the theories of strategic communication and their application to everyday practice. Key updates to the second edition include the use of artificial intelligence in the practice of strategic communication and a focus on health communication and crisis communication in the wake of a global pandemic, personal branding, social responsibility in an era of disinformation, and the addition of models for ethical decision making. It also features a completely updated chapter on new media and media metrics. Each chapter includes introductory learning outcomes, updated case studies, a career profile of a current practitioner, end of chapter discussion questions, and boxes that highlight theory and research as well as the strategic communication industry insights. *Principles of Strategic Communication Second Edition* is ideal as a core text for undergraduate students in strategic communication courses within media, communication, marketing, and advertising programs. The accompanying online resources feature chapter summaries, useful links to examples of strategic communication in action, suggested further reading, and sample test questions. Instructors will find an instructor's resource manual that includes sample syllabi, class activities, lecture topics, and a test bank. New to this edition are PowerPoint slides for each chapter. China's New Era Annie Luman Ren, Ben Hillman, 2024-06-06. According to Communist Party discourse, China's New Era began when Xi Jinping was anointed Party boss in 2012. The shape of this New Era became eminently clear in 2023 when Xi commenced his third five-year term as General Secretary of the Party, a fortification of one-man authoritarian rule unprecedented in post-Mao China. Under Xi, the Party has expanded its influence over government, the economy, and society. The Party-State is now more Party than State. The year 2023 saw other new eras for China as well. Despite initial optimism sparked by the end of COVID-19 restrictions in late 2022, the Chinese economy in 2023 was buffeted by continuing property sector woes, record unemployment, and an unfolding local government debt crisis. Globally, China adopted a series of new and ambitious diplomatic initiatives to woo the Global South and amplify its voice on the world stage. *The China Story Yearbook*

2023 China's New Era provides informed perspectives on these and other important stories that will resonate for years to come
