**EXCERPT FROM THE BOOK** I smile inside when I mention to an extrovert that I'm an introvert Before I finish the sentence the extrovert's face lights up and he or she begins what seems like a five minute one-sided fun-based fact-bending rendition of how there is no way I'm an introvert I listen and attempt to offer a few bytes of data to the conversation which brings merriment and another round of reasoning I hear as enthusiastic and watch as hand gestures Over the years I've explained that introvert does not equate to shy and that I'm simply better in one-on-one or small group relationships I wonder if this friend or coworker ever noticed that I am the one cooking or doing dishes at a friend's and family gathering taking notes in a meeting or organizing requirements on development projects My husband an extrovert seems to understand although reluctantly

because I talk a blue streak with him When he asks what I m thinking if I say nothing he smiles and says not possible Buy a copy to keep reading
