**Critical Literacy in an AI World** Kathy A. Mills, Amanda Gutierrez, 2025-12-18 *Critical Literacy in an AI World* is an innovative book that uses critical literary perspectives to examine generative AI. It provides thought-provoking insights into advancements in artificial intelligence which are increasingly entangled in human decision-making across all spheres of society, profoundly reshaping literacy and media practices. Mills and Gutierrez analyse how these transformations affect and are affected by the evolving nature of human knowledge, consciousness, creativity, emotion, ethics, and aesthetics. They highlight the importance of critical literacy for understanding and even reclaiming the power dynamics operating in the social construction of the human experience within AI-driven texts and technologies. This book encourages readers to critically navigate computational algorithms and agents that mediate digital social practices and daily life. Blending theoretical frameworks and practical applications, it advances students' critical AI-based digital reading and authoring skills, as well as teachers' capabilities to use critical pedagogies, curricula, and assessment for reflective AI text environments. *Critical Literacy in an AI World* is essential reading for students and researchers in literacy and educational technology.

**Revolutionizing English Education** Clarice M. Moran, 2024-04-30 Artificial Intelligence or AI has seemingly burst into public consciousness with sudden vigor. Previously relinquished to computer science journals, it erupted as the unrelenting topic of public media, with most of the furor surrounding chatbots like ChatGPT. Although many educators began worrying about the implications of AI in student learning and creative activity, this book will demonstrate that AI can be harnessed as a source of inspiration and meaningful instruction. With an emphasis on useful classroom strategies as well as a consideration of the ethics of AI, this book seeks to start a conversation in this nascent area of research and practice. The primary focus is on the use of AI in the secondary English classroom, but educators in other disciplines will find plenty of ideas and information.
