  Designing Portals Ali Jafari,Mark C. Sheehan,2003 Portals present unique strategic challenges in the academic environment Their conceptualization and design requires the input of campus constituents who seldom interact and whose interests are often opposite The implementation of a portal requires a coordination of applications and databases controlled by different campus units at a level that may never before have been attempted at the institution Building a portal is as much about constructing intra campus bridges as it is about user interfaces and content Designing Portals Opportunities and Challenges discusses the current status of portals in higher education by providing insight into the role portals play in an institution s business and educational strategy by taking the reader through the processes of conceptualization design and implementation of the portals in different stages of development at major universities and by offering insight from three producers of portal software systems in use at institutions of higher learning and elsewhere   *CIO.* ,2009   Searcher ,2008   **Handbook of Research on Computer Mediated Communication** Sigrid Kelsey,2008 Technology has changed communication drastically in recent years facilitating the speed and ease of communicating and also redefining and shaping linguistics etiquette and social communication norms   **The Resource Management and Capacity Planning Handbook: A Guide to Maximizing the Value of Your Limited People Resources** Jerry Manas,2014-08-29 THE DEFINITIVE GUIDE TO MAXIMIZING LIMITED RESOURCES TO INNOVATE AND GROW Trying to accomplish too much with too few resources has become almost customary in business today More often than not though all that we accomplish is delayed projects mass confusion and missed opportunities not the achievement of business goals The Resource Management and Capacity Planning Handbook helps you tackle the critical challenges of resource management and capacity planning
