Reyes, 2025-09-05 Your nonprofit's mission is powerful But passion alone is not a strategy for growth Nonprofit leaders are constantly asked to do more with less You face the daily pressure of fundraising managing operations and serving your community This leaves very little time for the strategic planning that is required to build a sustainable and high impact organization Lead with Strategy is a practical playbook for the modern nonprofit leader It shows you how to combine your passion with a powerful growth plan This book demystifies Artificial Intelligence and provides a simple guide to using AI tools to automate tasks increase donations and amplify your mission This book will give you a clear plan to Develop a powerful strategic plan that aligns your team and focuses your efforts Use simple AI tools to improve your grant writing and donor communication Automate routine administrative work so your team can focus on the mission Analyze data to make smarter decisions and prove your organization's impact Lead your team with confidence through the adoption of new technology Stop letting a limited budget restrict your organization's potential This book gives you the tools to lead your nonprofit with the same strategic power used by successful corporations It is time to build a future where your organization can make its biggest impact yet To learn how to grow your nonprofit click the buy button now **Machine Habitus** Massimo

Airoidi,2021-12-13 We commonly think of society as made of and by humans but with the proliferation of machine learning and AI technologies this is clearly no longer the case Billions of automated systems tacitly contribute to the social construction of reality by drawing algorithmic distinctions between the visible and the invisible the relevant and the irrelevant the likely and the unlikely on and beyond platforms Drawing on the work of Pierre Bourdieu this book develops an original sociology of algorithms as social agents actively participating in social life Through a wide range of examples Massimo Airoidi shows how society shapes algorithmic code and how this culture in the code guides the practical behaviour of the code in the culture shaping society in turn The machine habitus is the generative mechanism at work throughout myriads of feedback loops linking humans with artificial social agents in the context of digital infrastructures and pre digital social structures Machine Habitus will be of great interest to students and scholars in sociology media and cultural studies science and technology studies and information technology and to anyone interested in the growing role of algorithms and AI in our social and cultural life
