Peachey,2024-06-27 This book has been designed to act as a practical resource that should help you to get a better
understanding of the kinds of AI tools that are available and how to use them in the English language classroom The book
does this through a series of chapters focusing on tools for teachers tools for students and a collection of background reading
All of the tools and reading texts in this book have tasks to accompany them that will help you orientate yourself to the
materials and think more deeply and actively about how they can be used These tasks have been adapted from the online
course version of the book in which participants can share opinions reflections and materials with each other I would
encourage you to do the same even if you aren t part of the course Keep a journal and make notes as you work through the
book and try the tasks Find another colleague you can talk to about the tasks and the example plans Seek out opportunities
to interact with and discuss what you are learning with other teachers and with your students Use what you are learning to
run formal or informal development sessions for other teachers The book also includes a link to download a free copy of The
