Quick Remote Jobs No Experience Guide For Busy Professionals:

Remote Working Alan Felstead, 2022-01-20 The coronavirus pandemic forced work back into the home on a massive scale. The long held belief that work and home are separate spheres of economic life was turned on its head overnight. Many employees were new to this way of working and many employers had to manage a disparate workforce for the first time. This book reviews what impact this shift had on the lives of millions of employees, the organisations which employ them and the societies in which they live. It also looks to a future in which more work is carried out remotely at home in the local café, restaurant or bar or while moving from place to place. The book synthesises the existing evidence in an accessible and easy to read way. It will appeal to all those who want a quick and concise introduction to the major themes associated with remote and hybrid working. This will include teachers, lecturers, students, academics and policy makers as well as those who have experienced the challenges and benefits of homeworking first hand.

Design your life Clare Nash, 2021-12-24 Ten years ago Clare Nash was struggling with a common problem: how to be an architect and still have a life. With no job, no savings and no clients in the midst of a recession, Clare set up her own practice with little more than a few postcards in local shop windows and a very simple website. Determined to better combine her life and family with professional work, she created an innovative practice that is flexible and forward looking, based around remote working and the possibilities offered by improving technology. Bursting with tips, ideas and how-tos on all aspects of designing a working life that suits you and your business, this book explains in clear and accessible language how to avoid the common pitfalls of long hours and low pay. It explores how to juggle work with family commitments, how to set your own career path and design priorities, and how to instil a flexible working culture within a busy lifestyle. Encompasses the full range of life work challenges: Money, fees and cashflow; Playing to your personal strengths; Outsourcing areas of weakness; Building a happy and productive remote working team; Creating a compelling marketing strategy; Juggling parenthood and work; Studying and honing workplace skills. Provides the inside view from innovative practices: alma nac, Gbolade Design Studio, Harrison Stringfellow Architects, Invisible Studio Architects, Office S M Architects, POoR Collective, Pride Road Architects and Transition by Design.
