 Malam Wasai, 2023-09-18 Submitted Assignment from the year 2023 in the subject Politics General and Theories of
 International Politics language English abstract Greater scrutiny is necessary because AI will have a significant impact on
 international relations such as putting new topics on the international agenda challenging geostrategic relations serving as a
 tool for diplomats and negotiators and creating new opportunities and concerns about protecting human rights Scholars and
 diplomats have found it helpful to think about the different things that affect international relations by breaking them down
 into three levels of analysis individual state and international State level analysis examines the foreign policy behavior of
 states in terms of state characteristics For example some scholars say that all democracies behave a certain way they don't
 fight with other democracies Artificial intelligence impact governance As AI continues to evolve and permeate various
 aspects of our lives its implications for AI and how does it impact businesses AI artificial intelligence refers to machines that
 can perceive intelligence synthesize and infer information It is the science and engineering of intelligent machines that can
