*Dating Strategies for Men* Kalonymos Schnippenheimer, 2019-02-02 Whether it's the first time you've scheduled a date and you don't know what to do or you've been on hundreds of dates and every one of them failed this guide will give you the strategies you need in order to run spectacular dates A lot of men think of dating as being a very simple straightforward process where you just ask a woman you like out take her to some very fancy very impressive restaurant where you eat some fine ultra expensive delicacy and then magically whisk her away to your secret lair where naughty things happen However if

you've been on many dates you'll know that it never really seems to go like that at all. Sure some dates might go like that but if that's your entire dating strategy then it's no wonder why your dates fail. And the truth of the matter is that everytime you take a woman out on a date and it goes poorly you'll probably never hear from that woman ever again. Thus if you really like that woman you've asked out on a date then you owe it to her to ensure that the date goes well. Because if it doesn't go well it's not her fault it's entirely your fault. But don't be so hard on yourself many guys fail in this department many guys take women out on dates with certain expectations and then kick themselves later when things don't go as they had planned. And then they wonder what went wrong. In reality many guys have to run many many many dates before they are able to figure out what they've been doing wrong and eventually finally figure out how to run things right. However do you really want to sacrifice so many girls that you like so that you can figure it out? Why not just get your dates right from the start? Well not to worry because we're going to show you how. So that you can be that guy who runs amazing dates. In this guide we're going to cover bad dates and why they fail we're going to really break them down in detail and explain what exactly is going on there. And then we're going to analyze female psychology a little bit so that you can get a better idea of how a woman sees a date. And then finally we're going to discuss the kinds of dates that you should be running and we're going to recommend some highly effective strategies that you should be implementing in order to make sure that your dates go amazingly well and have a happy ending. Are you ready to boost your dating game? Great. Then let's get to it.
