Hirschfeld,Julie Hirschfeld,2000-05-01 In this unique parenting guide a veteran businessman and father of two reveals how work and parenting don t have to be separate competing efforts but instead can help and enrich each other Tom Hirschfeld shows how many of the skills and abilities required to succeed in today s economy such as motivation team building empathy negotiation and planning can be applied just as successfully to parenting Filled with lessons from business history tips from successful executives and practical wisdom that could come only from real life experience Business Dad is the perfect job manual for the most important job a businessman can undertake fathering Perfect gift for Father s Day Year round Web site activity at www.businessdad.com **The Invisible Real Fathers Guide** Derek McNeil,2013-04 Why this book Because I

believe it is truly needed Yes the traditional role has been for men to be just breadwinners But what happens if you have to be the breadwinner and the caregiver at the same time because your significant other can no longer do it is no longer there to do it or will no longer do it or just plain outright won t do it What if she was never the mothering type to begin with or you ve discovered she is such that you wouldn t trust her to take care of even a gerbil no matter how much you love her Well that just leaves you unless you are planning to dump your children upon your folks the system or who ever I hope that s not you but then if it was you would not be reading this As far as I can see no real effort has been made to give men young men any kind of guidance to be really good fathers You can be a tough manly man and still be a good father There are plenty of help aides for women but you just don t see this for men In this book I am attempting to provide such based on my own real life

experiences and what I have done with my own children in my care I may not be able to cover everything but I will do my best to come as close as reasonably possible Whether you have made the choice or you have been surprised and discovered the choice has chosen you I will do my best to give you the information that may help you do the best job possible and hopefully also save you and maybe even your children some pain as well Some things I say in this book may not seem to apply to fatherhood at first but believe me it does as it is interrelated Nothing happens in a vacuum There is a reason for everything and many things that don't seem related actually have an effect on other things So it is with everything I touch upon in this book
