**A Basic User's Guide to Prompt Engineering** Kahlil G S, 2024-01-13. This is a very basic guide to prompt engineering and some of its most fundamental uses. Within these pages, I give both prompts and their results using ChatGPT and a few images with Midjourney. I believe prompt engineering will be a job of the future with many openings for people who have the language skills needed to draw out of the AI the desired results. One key fundamental to bear in mind: if you are bad with language, you'll be bad at prompt engineering. But there are many uses for this that don't require excellent writing skills and knowledge that really help one to shine in this field. But with practice and a lot of trial and error, anyone can master this new and exciting field of work. And you can create amazing things if you just take the time to get over the fear of being replaced.
