Lead with Strategy: Nonprofit Leadership & AI-Driven Growth Strategies Julian Mateo Reyes, 2025-09-05 Your nonprofit's mission is powerful. But passion alone is not a strategy for growth. Nonprofit leaders are constantly asked to do more with less. You face the daily pressure of fundraising, managing operations, and serving your community. This leaves very little time for the strategic planning that is required to build a sustainable and high impact organization. **Lead with Strategy** is a practical playbook for the modern nonprofit leader. It shows you how to combine your passion with a powerful growth plan. This book demystifies Artificial Intelligence and provides a simple guide to using AI tools to automate tasks, increase donations, and amplify your mission. This book will give you a clear plan to develop a powerful strategic plan that aligns your team and focuses your efforts. Use simple AI tools to improve your grant writing and donor communication. Automate routine administrative work so your team can focus on the mission. Analyze data to make smarter decisions and prove your organization's impact. Lead your team with confidence through the adoption of new technology. Stop letting a limited budget restrict your organization's potential. This book gives you the tools to lead your nonprofit with the same strategic power used by successful corporations. It is time to build a future where your organization can make its biggest impact yet. To learn how to grow your nonprofit, click the buy button now. *Applications of AI and Machine Learning in Finance and Economics*

Alessia Paccagnini, Maria Iannario, Joerg Osterrieder, Adamaria Perrotta, Fabio Parla, Hanna Kristín Skaftadóttir, 2025-11-19 This Research Topic is in collaboration with the Women in FinTech and AI 2024 conference. Extended versions of work presented at the conference are welcome. In today's rapidly evolving economic landscape, the integration of artificial intelligence (AI) in finance and economics has become paramount. AI, fueled by unprecedented computational power and sophisticated algorithms, has the potential to revolutionize decision-making processes, risk management, and predictive analytics within the financial sector. Its adaptive capabilities and data-driven insights contribute to more informed strategies driving efficiency and innovation. Moreover, the era of big data has ushered in a new paradigm where vast and diverse datasets serve as a cornerstone for informed decision-making. The intersection of big data and finance allows for a granular understanding of market dynamics, customer behavior, and economic trends. Harnessing the power of big data alongside AI not only empowers financial institutions to navigate complexities but also lays the foundation for sustainable and resilient financial systems in an interconnected global economy. We invite researchers and professionals to contribute to a special issue of *Frontiers in Artificial Intelligence* dedicated to the intersection of artificial intelligence and economics and finance. This special issue aims to explore cutting-edge advancements in various areas, including but not limited to Big Data applied to finance, natural language processing in economics, digital finance, and sustainability, AI for financial markets, and blockchain applications. We welcome submissions on a wide range of topics, including Big Data applications in finance and economics, Natural language processing in economic and financial contexts, Digital finance, and its implications for sustainability.
