Chinese History A Manual Harvard Yenching Institute Monograph Series:

Chinese History Endymion Porter Wilkinson, 2000 Endymion Wilkinson's bestselling manual of Chinese history has long been an indispensable guide to all those interested in the civilization and history of China. In this latest edition now in a bigger format its scope has been dramatically enlarged by the addition of one million words of new text. Twelve years in the making the new manual introduces students to different types of transmitted, excavated and artifactual sources from prehistory to the twentieth century. It also examines the context in which the sources were produced, preserved and received, the problems of research and interpretation associated with them and the best most up to date secondary works. Because the writing of history has always played a central role in Chinese politics and culture special attention is devoted to the strengths and weaknesses of Chinese historiography.

Chinese History, Volume 1 Endymion Wilkinson, 2022-05-03 The sixth edition of *Chinese History A New Manual* revised and expanded to two volumes includes the latest developments in digital tools and the ancillary disciplines essential for work on Chinese history. Volume 1 covers topics ranging from Language to Technology. Volume 2 presents primary and secondary sources chronologically by period. 中国历史 Endymion Porter Wilkinson, 1998 Since publication of the first edition in 1998 *Chinese History A Manual* has become an indispensable guide to researching the civilization and history of China. Updated through January 2000 the second edition discusses some 4 300 primary, secondary and reference works, an increase of 1 500 titles over the first edition. The temporal coverage has been expanded to include the Republican period, sections on nonverbal salutations, weights and measures, money and furniture have been added, the chapters on language etymology, people, geography, chronology, warfare, leishu, food and the Chinese world order have been thoroughly revised and the subject index has been enlarged to include 2 500 technical terms.

Chinese History Endymion Porter Wilkinson, 2022 *The Columbia History of Chinese Literature* Victor H. Mair, 2010-03-10 The *Columbia History of Chinese Literature* is a comprehensive yet portable guide to China's vast literary traditions. Stretching from earliest times to the present, the text features original contributions by leading specialists working in all genres and periods. Chapters cover poetry, prose, fiction and drama and consider such contextual subjects as popular culture, the impact of religion, the role of women and China's relationship with non-Sinitic languages and peoples. Opening with a major section on the linguistic and intellectual foundations of Chinese literature, the anthology traces the development of forms and movements over time along with critical trends and pays particular attention to the premodern canon.

Hawai'i Reader in Traditional Chinese Culture Victor H. Mair, Nancy Shatzman Steinhardt, Paul R. Goldin, 2005-01-31 The *Hawai'i Reader in Traditional Chinese Culture* is a collection of more than ninety primary sources, all but a few of which were translated specifically for this volume of cultural significance from the Bronze Age to the turn of the twentieth century. They take into account virtually every aspect of traditional culture, including sources from the non-Sinitic ethnic minorities.

History of Soybeans and Soyfoods in China and Taiwan, and in Chinese Cookbooks, Restaurants, and Chinese Work with Soyfoods Outside China (1024 BCE to 2014) William Shurtleff, H.T. Huang, Akiko Aoyagi, 2014-06-22 The world s most comprehensive well documented and well illustrated book on this subject With extensive index 372 photographs and illustrations Free of charge in digital format on Google Books **Rival Partners** Jieh-min Wu, 2023-11-20 Taiwan has been

depicted as an island facing the incessant threat of forcible unification with the People s Republic of China Why then has Taiwan spent more than three decades pouring capital and talent into China In award winning *Rival Partners* Wu Jieh min follows the development of Taiwanese enterprises in China over twenty five years and provides fresh insights The geopolitical shift in Asia beginning in the 1970s and the global restructuring of value chains since the 1980s created strong incentives for Taiwanese entrepreneurs to rush into China despite high political risks and insecure property rights Taiwanese investment in conjunction with Hong Kong capital laid the foundation for the world s factory to flourish in the southern province of Guangdong but official Chinese narratives play down Taiwan s vital contribution It is hard to imagine the Guangdong model without Taiwanese investment and without the Guangdong model China s rise could not have occurred Going beyond the received wisdom of the China miracle and Taiwan factor Wu delineates how Taiwanese business people with the cooperation of local officials ushered global capitalism into China By partnering with its political archrival Taiwan has benefited enormously while helping to cultivate an economic superpower that increasingly exerts its influence around the world
