Chinese Jade Stone For The Emperors:

Chinese Jade Barry Till, Paula Swart, Art Gallery of Greater Victoria, 1986 **CHINESE JADE**, 1986 **Gardens of a Chinese Emperor** Victoria M. Siu, 2013-06-12 The Garden of Perfect Brightness Yuanming Yuan in the western suburbs of the Qing capital Beijing was begun by the great Kangxi r 1661 1722 and expanded by his son Yongzheng r 1722 1735 and brought to its greatest glory by his grandson Qianlong r 1736 1796 A lover of literature and art Qinglong sought an earthly reflection of his greatness in his Yuanming Yuan For many years he designed and directed an elaborate program of garden arrangements Representing two generations of painstaking research this book follows the emperor as he ruled his empire from within his garden In a landscape of lush plants artificial mountains and lakes and colorful buildings he sought to represent his wealth and power to his diverse subjects and to the world at large Having been looted and burned in the mid nineteenth century by western forces it now lies mostly in ruins but it was the world s most elaborate garden in the eighteenth century The garden suggested a whole set of concepts religious philosophical political artistic and popular represented in landscape and architecture Just as bonsai portrays a garden in miniature the imperial Yuanming Yuan at the height of its splendor represented the Qing Empire in microcosm Includes 62 color plates and 35 black white photographs

A Mythological Approach to Exploring the Origins of Chinese Civilization Shuxian Ye, 2022-08-26 Is the lion the symbol of China Or should it be the dragon or the phoenix This book makes a provocative interpretation of the Chinese ancient totems such as the bear and the owl Taking a mythological approach it explores the origin of Chinese civilization using the quadruple evidence method which integrates ancient and unearthed literature oral transmission and archeological objects and graphs It testifies to the authenticity of unresolved ancient myths and legends from the origins of Chinese Jade Ware 6200BC 5400 BC to the names of the Yellow Emperor 2698 2598 BC and the legends from the Xia 2010BC 1600BC Shang 1600BC 046BC Zhou 1046BC 771BC and Qin 221BC 206BC Dynasties The book lays the foundation for a reconstruction of Chinese Mythistory With well over 200 photographs of historic artifacts the book appeals to both researchers and general readers

Emperor Qianlong's Hidden Treasures Nicole T. C. Chiang, 2019-08-15 In this stunning reassessment Nicole T C Chiang argues that the famous Qianlong art collection is really the collection of the imperial household in the Qianlong reign The distinction is significant because it strips away the modern Eurocentric preconceptions that have led scholars to misconstrue the size of the collection the role of nationalism in its formation the distinction between art and artifact and the actual involvement of the emperor in assembling the collection No one interested in Chinese art will be able to ignore the ramifications of this important study Emperor Qianlong s Hidden Treasures Reconsidering the Collection of the Qing Imperial Household argues that the size of the collection was actually smaller than previously stated Moreover the idea that the collection put the whole of the empire on display and thereby promoted political unity does not square with the reality that most of the collection was hidden away Instead the collection was primarily for the emperor s gaze alone Chiang further

explains that the collection was largely the product of work done by many specialists working at the Qianlong court noting that the emperor often assumed a more supervisory role Preliminary drawings patterns models and prototypes of the items made in the imperial workshops also formed an important part of the collection as they served to establish standardized models used to run the imperial household The collection was thus both broader and narrower than previously stated Chiang has identified many misguided assumptions about the Qing imperial collection In their place she proposes a new definition of an imperial collection that does not give primacy to art objects This bold revisionist thesis may be controversial but it is important and deserves to be read widely for this exact reason Dorothy Ko Barnard College Columbia University Chiang makes a new argument which will contribute to the literature on Qing imperial art She shows that a distinction should be made between the Qianlong emperor s activities in commissioning objects from the palace workshop and his activities in accumulating assessing and cataloguing objects that went into what she calls the imperial household collection This work will attract wide attention from scholars in art history Evelyn S Rawski University of Pittsburgh
