Chinese History A Manual

Endymion Porter Wilkinson

Chinese History A Manual:

Chinese History Endymion Porter Wilkinson, 2000 Endymion Wilkinson's bestselling manual of Chinese history has long been an indispensable guide to all those interested in the civilization and history of China. In this latest edition, now in a bigger format, its scope has been dramatically enlarged by the addition of one million words of new text. Twelve years in the making, the new manual introduces students to different types of transmitted, excavated, and artifactual sources from prehistory to the twentieth century. It also examines the context in which the sources were produced, preserved, and received, the problems of research and interpretation associated with them, and the best, most up-to-date secondary works. Because the writing of history has always played a central role in Chinese politics and culture, special attention is devoted to the strengths and weaknesses of Chinese historiography. □□□□□□ Endymion Porter Wilkinson, 2018 A unique resource. A must for every serious student of Chinese history and culture. Victor H. Mair, Professor of Chinese Language and Literature, University of Pennsylvania. Endymion Wilkinson's bestselling manual of Chinese history has long been an indispensable guide to all those interested in the civilization and history of China. The third edition won the Stanislas Julien Prize for 2014. Seventeen years in the making, the New Manual introduces students to different types of transmitted, excavated, and artifactual sources from prehistory to the twenty-first century. It also examines the context in which the sources were produced, preserved, and received, the problems of research and interpretation associated with them, and the best, most up-to-date secondary works and digital resources. History plays a central role in Chinese politics and culture; therefore, special attention is devoted to the strengths and weaknesses of Chinese historiography. Fifth Edition. Many sections have been rewritten and updated with over 3,000 works added. The entire text has been reset in high-contrast fonts for easier reading. *Chinese History* Endymion Porter Wilkinson, 1998 A comprehensive and up-to-date guide to the basic problems encountered in researching traditional Chinese civilization and history, with discussions of over 2,500 primary sources and reference works and a selection of 500 of the most outstanding contributions of modern scholarship. **Chinese History** Endymion Porter Wilkinson, 2022
