## Chinese Journey:

**A Modern Chinese Journey to the West** Ulric Killion, 2006 This book begins and perhaps should end with an excerpt from the writings of the late eminent Chinese scholar Fung Yu lan or Feng Youlan 1895 1990 who wrote The ancient Chinese culture is an inherent factor determining the Chinese style If the latter enunciation of Fung Yu lan stirs one's interest in Chinese culture for the typical reasons such as an interest in ancient periods of China romanticism which focuses on the exotic and mysterious for example Zen Buddhism and Taoism or simply as the source of exotic objets d'art then all the better Because for a typical Westerner bound in Western conventionalism and parochialism engendering an understanding of the policies and practices of the People's Republic of China China necessitates understanding a modern China in light of Chinese traditional culture or philosophy or a China in antiquity The consequence of Chinese traditional culture affects many political economy concerns of modern China ranging from socio economic political to international trade and other concerns Indeed philosophical antecedents influence modern Chinese policies and practices

Route 312 is the Chinese Route 66 It flows three thousand miles from east to west passing through the factory towns of the coastal areas through the rural heart of China then up into the Gobi Desert where it merges with the Old Silk Road The highway witnesses every part of the social and economic revolution that is turning China upside down In this utterly surprising and deeply personal book acclaimed National Public Radio reporter Rob Gifford a fluent Mandarin speaker takes the dramatic journey along Route 312 from its start in the boomtown of Shanghai to its end on the border with Kazakhstan Gifford reveals the rich mosaic of modern Chinese life in all its contradictions as he poses the crucial questions that all of us are asking about China Will it really be the next global superpower Is it as solid and as powerful as it looks from the outside And who are the ordinary Chinese people to whom the twenty first century is supposed to belong Gifford is not alone on his journey The largest migration in human history is taking place along highways such as Route 312 as tens of millions of people leave their homes in search of work He sees signs of the booming urban economy everywhere but he also uncovers many of the country's frailties and some of the deep seated problems that could derail China's rise The whole compelling adventure is told through the cast of colorful characters Gifford meets garrulous talk show hosts and ambitious yuppies impoverished peasants and tragic prostitutes cell phone salesmen AIDS patients and Tibetan monks He rides with members of a Shanghai jeep club hitchhikes across the Gobi desert and sings karaoke with migrant workers at truck stops along the way As he recounts his travels along Route 312 Rob Gifford gives a face to what has historically for Westerners been a faceless country

and breathes life into a nation that is so often reduced to economic statistics Finally he sounds a warning that all is not well in the Chinese heartlands that serious problems lie ahead and that the future of the West has become inextricably linked with the fate of 1 3 billion Chinese people Informative delightful and powerfully moving Rob Gifford s acute powers of observation his sense of humor and adventure and his determination to explore the wrenching dilemmas of China s explosive development open readers eyes and reward their minds Robert A Kapp president U S China Business Council 1994 2004
