Chinese Postmodern:

The Chinese Postmodern Xiaobin Yang, 2002 An insightful look into contemporary Chinese avant garde fiction and the problem of Chinese postmodernity China, Transnational Visuality, Global Postmodernity Hsiao-peng Lu, Sheldon H. Lu, 2001 By focusing on Chinese cultural formations and critical discourses of the last decade of the century the author dissects the intellectual economic and political contradictions of a turbulent era This wide ranging deeply interdisciplinary work demarcates the cultural terrain by examining diverse media film television avant garde art and literature as well as critical theory and intellectual history *The Modernity of Chinese Postmodern Literature* Alberto Castelli, 2020 The Modernity of Chinese Postmodern Literature deconstructs and reconstructs central works of post 1976 Chinese literature and the main texts of European modernism to uncover a striking conceptual similarity between these two literary corpuses

Postmodernism and China Xudong Zhang, Arif Dirlik, 2000-10-27 This work maps the terrain of the postmodern in China *Postmodernism and China* Arif Dirlik, Xudong Zhang, 1997 This special issue of BOUNDARY 2 maps out the terrain of post modernism in Chinese intellectual and creative activity specifically in the domains of literature the arts film and architecture Essays consider Chinese postmodernity in its relationship to new patterns of consumption and production as China moves into the global capitalist system A Letter to China Alberto Castelli, 2020 The book is an articles collection dealing with the maze of Chinese postmodernity It is undeniable that the debris of Maoist utopia couples with the overreaching narrative of globalization and the apparent triumph of capitalism The turning point is sociological and it reveals Chinese double obsession the need for conformity cultural homologation expressed by the entertainment industry and the desire to be different cultural diversification expressed in terms of localism revival of neo Confucianism and projects on national minorities However my focus is not on globalization itself what interests me is the global expansion of capital only in terms of structural crisis as represented by art and literature For this reason this articles collection is primarily a cultural study an interdisciplinary research integrating literary criticism philosophical history comparative literature and art theory My purpose is not to question whether China is in a condition of postmodernity but to acknowledge the ambiguity of Chinese postmodernity the overlapping of cultural paradigms where Confucian ethics has to coexist with capitalist economy residual of Maoism socialist relations and individualist philosophy By embracing the whole field of humanities I believe to be able to unfold Chinese cultural leap and the ideological contradiction And that would be China s project of postmodernity Scholars and postgraduate students in the area of human science are the normal audience this text refers to this book will appeal to students and scholars of literature cultural studies aesthetics and modern Chinese culture and ideology However all those interested in contemporary China will find in it an accessible key to decode Chinese postmodernity and bet on its journey

Ma Yuan Will Gatherer, 2021-11-11 A 2023 Choice Reviews Outstanding Academic Title Ma Yuan *The Chinese Avant Garde Metafiction and Post Postmodernism* in the works of Ma Yuan provides the most comprehensive study to date on one

of China's most influential contemporary authors Ma Yuan By engaging in close readings of narratologically complex works of metafiction the author offers a reappraisal of the role Ma Yuan played within the rise of postmodern fiction within China and offers new interpretive possibilities for the Chinese Avant Garde movement of the 1980s through demonstrating that rather than being predominantly formalist word games or narrative traps Ma Yuan's works of metafiction functioned as Foucauldian heterotopias which allowed for the creation of distinctly Post modern and Post socialist possible worlds This book also analyses Ma Yuan's recent post 2000 output and in doing so explores the shifting dynamics of literary self reflexivity and the Post postmodern within the contemporary context of Xi Jinping era modernity This book argues that Ma Yuan's recent works display a distinct movement towards metamodern aesthetics alongside a rising anthropocenic awareness and eco consciousness which offer key insights into the post postmodern condition within a Chinese context Red Flags Wise Su, 2021-04-15 This book presents Chinese postmodern artist Wise Su's 168 pieces of impressive surrealist artworks Each painting has an artist's explanation The political oppression that the artist once experienced and his cross cultural worldview prompted him to combine abstraction and absurdity in his works The wonderful settings in his paintings reflect a dark utopia of boundless good and evil He uses contemporary art to reexamine the beauty from the symbolism of Chinese culture The book has three sections 1 The D j Vu combines famous paintings across space and time to express a form of virtual scenes 2 Trumpet Kingdom is a land where people are brainwashed without their own thoughts 3 Migrant Workers expresses the artist's sincere sympathy for Chinese migrant workers who are treated unfairly **The Mystified Boat** Frank Stewart, Herbert J. Batt, 2003 In the 1980s important contemporary Western works began to be translated into Chinese Postmodernist Chinese authors began to present their readers with experimental stories that challenged the conventions of culture and ideology This volume gathers the most exciting of these writers *Postmodern Ideology and Postmodern China* Josef Gregory Mahoney, 2003 Inside Out Wendy Larson, Anne Wedell-Wedellsborg, 1993 This collection of papers is the outcome of the symposium Modernism and Postmodernism in Chinese Literature which took place at Aarhus University Denmark in October 1991 was arranged by Bei Dao and Anne Wedell Wedellsborg of the Institute of East Asian Studies One of the guiding ideas behind this initiative was to bring together scholars from Europe and America with China in the 1980s as scholars critics editors or as writers Those who study China regardless of national origin are increasingly abandoning the objective stance of writing about culture and insisting on their own right to become participants in the creation of culture This book brings together essays written by those who breach the categories scholars cultural critics and writers ethnic Chinese and non Chinese All of the contributors are working or studying in Western universities and many have published in the overseas literary journal Jintian This mix marks the study of Chinese literature as a new space where Chinese literary discourse is not only studied but also created Although contributions to this volume are diverse a central theme is the attempt to discover how literature is changing in definition and social function Essays analyse the concepts of the autonomy

of art and creativity modernism and subjectivity and the form and structure of narrative language The focus on theory and rhetoric that informs these essays highlights a concern with the way in which literary discourse is represented by intellectuals and the way in which this representation itself becomes a frame that constructs literary meaning Investigations into the Mao Wenti the Maoist literary style that persists even in post Mao writers the seemingly contentless language of Can Wue s work the concept pure literature and the anti modernity stance of the poetic Feifei No no school all provide clues to the developing cultural consciousness of contemporary China *Postsocialism and Cultural Politics* Xudong

Zhang,2008-04-25 A sequel to Zhang s Chinese Modernism it discusses crucial issues in China in the 1990s including nationalism neo liberalism postmodernism nostalgia revisionism and the intellectual formulations and cultural politics

Postmodernist Theory in Recent Studies of Chinese Literature Anne Birrell,2000 *Red Flags* James Su,2021 This book presents Chinese postmodern artist Wise Su s 168 pieces of impressive surrealist artworks Each painting has an artist s explanation The political oppression that the artist once experienced and his cross cultural worldview prompted him to combine abstraction and absurdity in his works The wonderful settings in his paintings reflect a dark utopia of boundless good and evil He uses contemporary art to reexamine the beauty from the symbolism of Chinese culture The book has three sections 1 The D j Vu combines famous paintings across space and time to express a form of virtual scenes 2 Trumpet Kingdom is a land where people are brainwashed without their own thoughts 3 Migrant Workers expresses the artist s sincere sympathy for Chinese migrant workers who are treated unfairly *Rising China and Its Postmodern Fate* Charles Horner,2010-01-25 China s sense of today and its view of tomorrow are both rooted in the past and we need to understand that connection says China scholar Charles Horner In *Rising China and Its Postmodern Fate* Horner offers a new interpretation of how China s changed view of its modern historical experience has also changed China s understanding of its long intellectual and cultural tradition Spirited reevaluations of history strategy commerce and literature are cooperating and competing to define the future The capstone of modern China was the founding of the People s Republic in 1949 and its rejection of Confucianism capitalism and modernity Yet today s rising China retains few vestiges of what Mao wrought What then Horner asks is post Mao postmodern China Where did it come from How did it get here Where is it going Contemporary views of the great periods in Chinese history are having a significant influence on the development of rising China s national strategy says Horner He looks at the revival of interest in and changing interpretations of three dynasties the Yuan 1272 1368 the Ming 1368 1644 and the Qing 1644 1912 that together with the People s Republic of China provide examples of great power success The future of every major country is now connected to China s and this book explains how China now seeing itself as the complex and thriving result of the old and the new is poised to change the world *A Comparative Approach to Redefining Chinese-ness in the Era of Globalization* Anbin Shi,2003 Current issues of identity crisis and reconceptualizing Chinese ness are brought to the fore by marginalized literati through books and subcultures contends Shi

The Postmodern Fantastic in Contemporary British Fiction Martin Horstkotte, 2004 This study looks at the complex relationship between postmodernism and the fantastic in contemporary British fiction and shows that a new type of the fantastic arises in postmodernism Arguing against interpretations that view postmodernism as inherently fantastic it seeks to define the postmodern fantastic as a narrative mode that is influenced by certain traits both of the traditional fantastic and of literary postmodernism but does not simply conflate both In the first theoretical part a number of theories of the fantastic and of postmodernism are used to set the fantastic apart from other non mimetic forms of literature and to create a model of the postmodern fantastic that postulates the totalisation of the fantastic in postmodernism In the second part of this study this model is applied to a number of contemporary British texts which are particularly susceptible to this form of the fantastic due to several characteristics such as their muted kind of postmodernism and their frequent construction of parallel worlds The analysis of these texts focuses on four thematic fields of the postmodern fantastic the figure of the other as defined by Bernhard Waldenfels time and history text and textuality and the development of the Todorovian pure fantastic Finally the question of the death of the fantastic in postmodernism is examined
