**Entanglements and Ambivalences** Hongwei Bao, Daniel H. Mutibwa, 2025-02-18 This book explores the media and cultural exchanges between Africa and China in the twenty first century against the backdrop of the rise of Africa and China in global geopolitics. It situates these cultural encounters in historical and contemporary contexts and through the critical lens of the Global South. It identifies a rising Global South consciousness despite lingering historical entanglements and emotional ambivalences that continue to characterise Africa-China relations. Bringing together scholars from various disciplines and from different parts of the world this book examines a wide range of cultural expressions such as arts, literature, translated works, traditional and digital media artefacts and services and film festivals. It also interrogates emerging cultural interactions, experiences and practices engendered by the increasingly digitalised information and communication technology infrastructure underpinning Africa-China connections and links. In doing so the book contributes to a more nuanced understanding of Africa-China relations today and the concept of the Global South.      **Technology and Culture**, 2001      **China Review**, 2006      *Doing Business in China* Xiaolin Zhou, Edmund C.
